

# BLOCK ink

## DERIVAN BLOCK PRINTING RANGE

Create bold and simple designs using one of the easiest methods of printmaking.

Derivan has available a range of required materials to get you started with block printing and allow you to produce prints with professional results. Everything you need to start lino or block printing straight away!

### DERIVAN BLOCK INK COLOURS

Derivan Block Ink has the perfect consistency for lino or wood block printing and transfers and will allow sharp, accurate prints onto paper. It is non-toxic, lightfast, and easy to clean up while still giving the feel of a professional grade oil-based printing ink. Available in 13 colours in 250ml size and Black only in 1Lt.

### DERIVAN BLOCK INK MEDIUM & EXTENDER

Derivan Block Ink Medium and Extender is a versatile medium which can be used in two unique ways to create fantastic relief prints.

**As an extender** - add to derivan Block Ink colours to extend and make your colours more transparent without losing the body of the paint as would it happen when adding just water. **As a medium** - add Matisse Structure Acrylic paint colours to Block Ink Medium and Extender to create your unique block ink colours. Available in 250ml and 1Lt sizes.

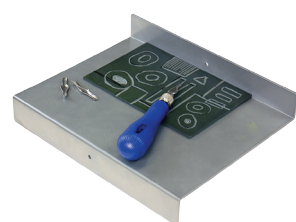

### DERIVAN BLOCK INK SET

Everything you need to start block printing straight away. Make your entry into the exciting world of block printing with this inexpensive lino printing kit. Containing Derivan Block Ink, a lino cutter and five different blades, a roller for rolling out your ink, a palette knife, and a piece of lino,

### DERIVAN RUBBER ROLLERS

Professional style roller, an ideal choice for Lino or Wood block printing techniques, laminating, stenciling, etc. Its fully concentric rolling surface enables smooth ink application. Strong and durable construction. Handle flips around to use as a convenient roller stand. Available in 2", 4" & 6" widths.

### INKING & CARVING PLATE

Stable metal working base. Hook one lip of this sturdy metal plate over the edge of your working desk or table. Use it to roll out ink in preparation for a plate or block. You can also place a linoleum, wood block or other carving surface on the metal plate against the other lip to act as a stop when carving. Unbreakable and very easy to clean. Size 22x17cm.
