

CARDBOARD WORLD

UN MONDO MAGICO A BASSO IMPATTO AMBIENTALE

Il CartoMondo TODO è il regno della creatività senza limiti nell'utilizzo del cartone, dedicato ai bambini, agli adulti e al mondo del business.

La nostra sfida è contribuire a creare un mondo a basso impatto ambientale; il cartone essendo composto essenzialmente di cellulosa e amidi, ci permette di lavorare minimizzando i consumi energetici e delle materie prime.

Il cartone che utilizziamo è interamente certificato FSC® C107476 e proveniente da sorgenti responsabili.

A MAGICAL WORLD WITH LOW ENVIRONMENTAL IMPACT

TODO Cardboard World is the kingdom of limitless creativity in the use of cardboard, dedicated to children, adults and the business world.

Our challenge is a world with low environmental impact. The cardboard is a clean and sustainable raw material essentially composed of cellulose and starches, it allows us to work minimizing energy and raw material consumption.

The cardboard we use is fully FSC® C107476 certified and from responsible sources.
