ProClick – Endless possibilities with just one click

The ProClick system is not just a new product line for mobile working, but also a system that incorporates itself seamlessly in the working day of every tradesperson and service technician. Together with the joint venture BS Systems, Sortimo and BOSCH have developed ProClick, a product line that integrates into the Sortimo and BOSCH product world that also enables tools and consumables to be carried directly on the body. Annoying bending and searching is now a thing of the past thanks to the tool bags. Similarly, the tools and consumables are easy to put away again. Unlike trouser pockets, which you would have to empty first.

This allows you to carry tools and working materials directly on your body via textile bags. It also fits into the Sortimo and BOSCH ecosystem – which means it is compatible with a wide range of products already available in the Sortimo and BOSCH product range – regardless of which brand.

Furthermore, ProClick is compatible with the ProSafe load securing system, as it uses the same mounts. This means ProClick bags can be hooked into all side profiles of the SR5 system with ProSafe via the integrated hooks.

ProClick – Endless possibilities with just one click

Holder

At the heart of the system is the ProClick Holder. This is what holds all ProClick Tool Bags. All ProClick bags available on the market can be hooked into the Holder – across different systems. In turn, the ProClick Holder can be attached to any standard belt.

	Product description	Article no.
	ProClick Holder WxDxH: 83 x 58 x 27 mm Load capacity: 5 kg Fits all standard belts with a width of up to 5 cm	6000013927

Tool belt

The tool belt enables tools and working materials to be kept directly on the body. The integrated padding and sturdy structure mean that you can carry tools on your hip comfortably and without straining your back. The ProClick Holders can be attached flexibly to your tool belt, allowing you to quickly switch tool bags by simply clicking and releasing.

	Product description	Article no.
	ProClick Tool Belt S Padding dimensions: 80 x 12 cm Belt strap length: 100 cm Load capacity: 24 kg Space for up to five ProClick Holders	6000013940
	ProClick Tool Belt M Padding dimensions: 90 x 12 cm Belt strap length: 120 cm Load capacity: 24 kg Space for up to five ProClick Holders	6000013933
	ProClick Tool Belt L Padding dimensions: 100 x 12 cm Belt strap length: 140 cm Load capacity: 24 kg Space for up to five ProClick Holders	6000013941

Tool tray

The ProClick Tool Tray is a carrier system for ProClick pockets and accessories, as well as the C-BOXX and the SR5 van racking system. In simple terms, the tool tray can be compared to a toolbox. It has a large stowage facility for tools and consumables, which is accessible and easily visible from above. Pockets and loops inside and outside contribute to an improved overview and order. The sturdy plastic base protects not only the tray and its contents from impacts and dirt, but also allows it to click onto any L-BOXX using the integrated connecting clamp. This makes it a genuine all-rounder for every use.

	Product description	Article no.
	ProClick Tool Tray WxDxH: 480 x 240 x 330 mm Load capacity: 24 kg Six integrated interfaces for ProClick Tool Bags. Can be expanded with ProClick Holder Compatible with ProClick Tool Container and all L-BOXXes	6000013934
	ProClick Tool Container Outer dimensions (WxDxH): 440 x 233 x 88 mm Inner dimensions (WxDxH): 365 x 226 x 75 mm Load capacity: 5 kg Compatible with tool tray and all L-BOXXes	6000013936

ProClick – Endless possibilities with just one click

Tool bags and accessories

The ProClick bags are available in different sizes and designs. They are made from sturdy polyester (1000 den) and are fitted with practical dividers, loops and holders, so that tools and consumables all have their own fixed place and are easy to reach. Unlike your trouser pockets, the ProClick tool bags provide a perfect overview of work materials and can be pre-sorted according to the task at hand. The reflective strips on the sides improve visibility in the dark and offers additional protection – particularly in the dark winter months.

	Product description	Article no.
	ProClick Tool Bag M 14 Dimensions (WxDxH): 140 x 120 x 270 mm Load capacity: 5 kg Equipment: 13 elastic loops for tools and one strip loop for carabiners	6000013928
