MOBILE WORK

TANOS Mobile Workshop

FLEXIBLE AND MOBILE ON YOUR WAY

TANOS brings your working day to perfection

As the manufacturer of the systainer® case system, which has been sold millions of times and can be linked, we are always at the pulse of the times. Flexibility and mobility are now an integral part of the daily lives of most craftsmen. Our mobile workshop offers exactly the advantages that make you ready for every application. Compact, comfortable and with maximum mobility, you will be able to set up your workshop wherever you need it. Efficiency that pays off!

- **Easy to use:** Handling and transport all by yourself

SAFE

- Working table can be attached to the trolley and transported safely thanks to included strap

MULTIFUNCTIONAL

- Flexible possibilities to clamp and fasten to all sides
- Additional work tables (TSB/1-MW 1000) can be connected to all sides
- Even, stable and continuous work surface

STABLE

- Adjustable table pedestals
- Trolley stands on 4 pedestals, not on the wheels

- **Robust:** Chassis and transport wheels cope with uneven floors without any effort

- **Independent:** The mobile workshop is ready for use wherever and whenever you want

- **Stable:** The stable construction ensures optimum working conditions everywhere

- **Finishing time!** Quickly stowed away and everything in its place for the next operation

FLEXIBLE

- Integrated MDF worktop for safe storage of additional systainer® (also suitable for MIDI systainer® + Classic Line)

ORGANISED

- Stable drawer (SYS-AZ-MW 1000)
- Suitable for systainer® with a base surface of W 396 x D 296 mm
- Individual equipment with drawers possible
- Smoothly adjustable in height, no tools required

PROVEN

- T-Loc catch for linking the systainer® with the mobile workshop

PRACTICABLE

- Easy loading into the vehicle due to sliding surfaces on the handle

INTUITIVE

- 3 different positions possible – clicks into place automatically

HARD-WEARING

- Large rubber transport wheels Ø 200 mm for easy access to stairs. No gravel residues and visible abrasion on the ground.

CLEVER

- Storage for MINI-systainer® T-Loc I in the base tray
- Additional drawer can be retrofitted (SYS-AZ art. no. 80101664)
