# TORUN GROUP PRESENTATION

# OUR MISSION

Our mission as TORUN Group is to create value, respectively for our customers, employees, suppliers, community, environment and investors. We are an organization that believes in universal values and ethics without prioritizing any language, religion and nation and we place human in the core of our organization.

# OUR VISION

The vision of TORUN Group is to provide its customers, who prioritize partnerships and share the same values as TORUN, with industrial products using different raw materials and production processes, and offer them;

- **optimum cost, quality and speed,**
- **service in global locations,**
- **integrated solutions and design skills.**

# 10%

\*Since 2000, we have successfully reached 10% growth rate each year and we invest 10% of our turnover every year

# SUSTAINABLE GROWTH

In line with our vision, we are investing in raw materials and processes that are;

**promising,  
scalable,**

**involving high technology and know-how,**  
to produce solutions under the same roof for different needs of our customers with our own investments and partnerships.

# OUR VALUES

We believe in continuous development

**GROWTH**

We add meaning to whatever we do

**MEANING**

We share and succeed together

**SHARING**

We aim happiness for all

**HAPPINESS**

We care about and support each other

**CARING**

# GROUP COMPANIES

## TORUN BRASS

TORUN BRASS specializes in casting, forging and machining of custom-made brass parts.

Kocaeli, TURKEY

## TORUN DIE CASTING

TORUN DIE CASTING specializes in aluminium high pressure die casting parts, especially for automotive industry.

Istanbul, TURKEY

## TORUN INVEST

TORUN INVEST is the Holding Company, which is founded on the basis of "all investments under one roof" approach.

Stuttgart, GERMANY

## TORUN METAL

TORUN METAL is the company for localization of goods and warehouse management.

Stuttgart, GERMANY

## TORUN CZECH

TORUN CZECH specializes in stainless steel CNC high precision turning per customer requirements.

Cervenka, CZECHIA

## TORUN SCHMIDT

TORUN & SCHMIDT focuses on high volume turning part production from brass and aluminum.

Uhersky Brod, CZECHIA

## TORUN ITALY

TORUN ITALY is the warehouse/delivery hub of brass and stainless steel parts for TORUN's customers in Europe.

Borgomanero, ITALY

# HIGH PRESSURE DIE CASTING

- Aluminium & Magnesium HPDC
- IATF 16949 Certificate
- Highly Automated Processes
  - Fully automated die casting cell
  - Automated added value processes
- Real Time Controlled Casting Machines (Frech K Series)
- Strategic Partnerships (Frech, Fondarex, Striko Westofen)
- Leading Technology Quality Equipment

# BRASS HOT FORGING & LOW PRESSURE DIE CASTING

- Brass, Copper, Aluminium Forging and Brass Casting
- More than 15 fully Automated Forging and Low Pressure Die Casting Lines
- Hydromec, Hatebur, IMR are strategic partner brand names in forging&casting processes
- 100% self sufficient die & tool production in house (state of art Makino, Mazak, Anca Machines)
- Surface treatment, sand/chip blasting, nickel/chrome plating, polishing

# MACHINING

- Machining and Bar Turning of Brass, Stainless Steel, Copper, Aluminium
- More than 150 CNC machines:
  - Machining Centers
  - Transfer Lines
  - Precision Bar Turning
  - Multispindle Turning
- Fanuc, Pfiffner, Star, Kitamura, Riello, Revismac are partner brand names in machining
- Robot Automation: Fanuc, Staubli, Yaskawa, Robsen

# READY FOR THE DIGITAL ERA

- Cloud Technologies
- Robotic Process Automation (RPA)
- Electronic Data Interchange (EDI)
- Manufacturing ation
- SAP S/4HANA
- Sales Force CRM
- Data Analytics

# INTEGRATED SOLUTIONS

Growing together with our customers, we work to find perfect solutions. In order to increase the effectiveness of our integrated solutions per customer, we think, design, supply, and produce with them. Torun Design Center and Torun R&D Center simultaneously work with our customers to improve and optimize the production processes to have the best result.

# TOGETHER AT EVERY PHASE

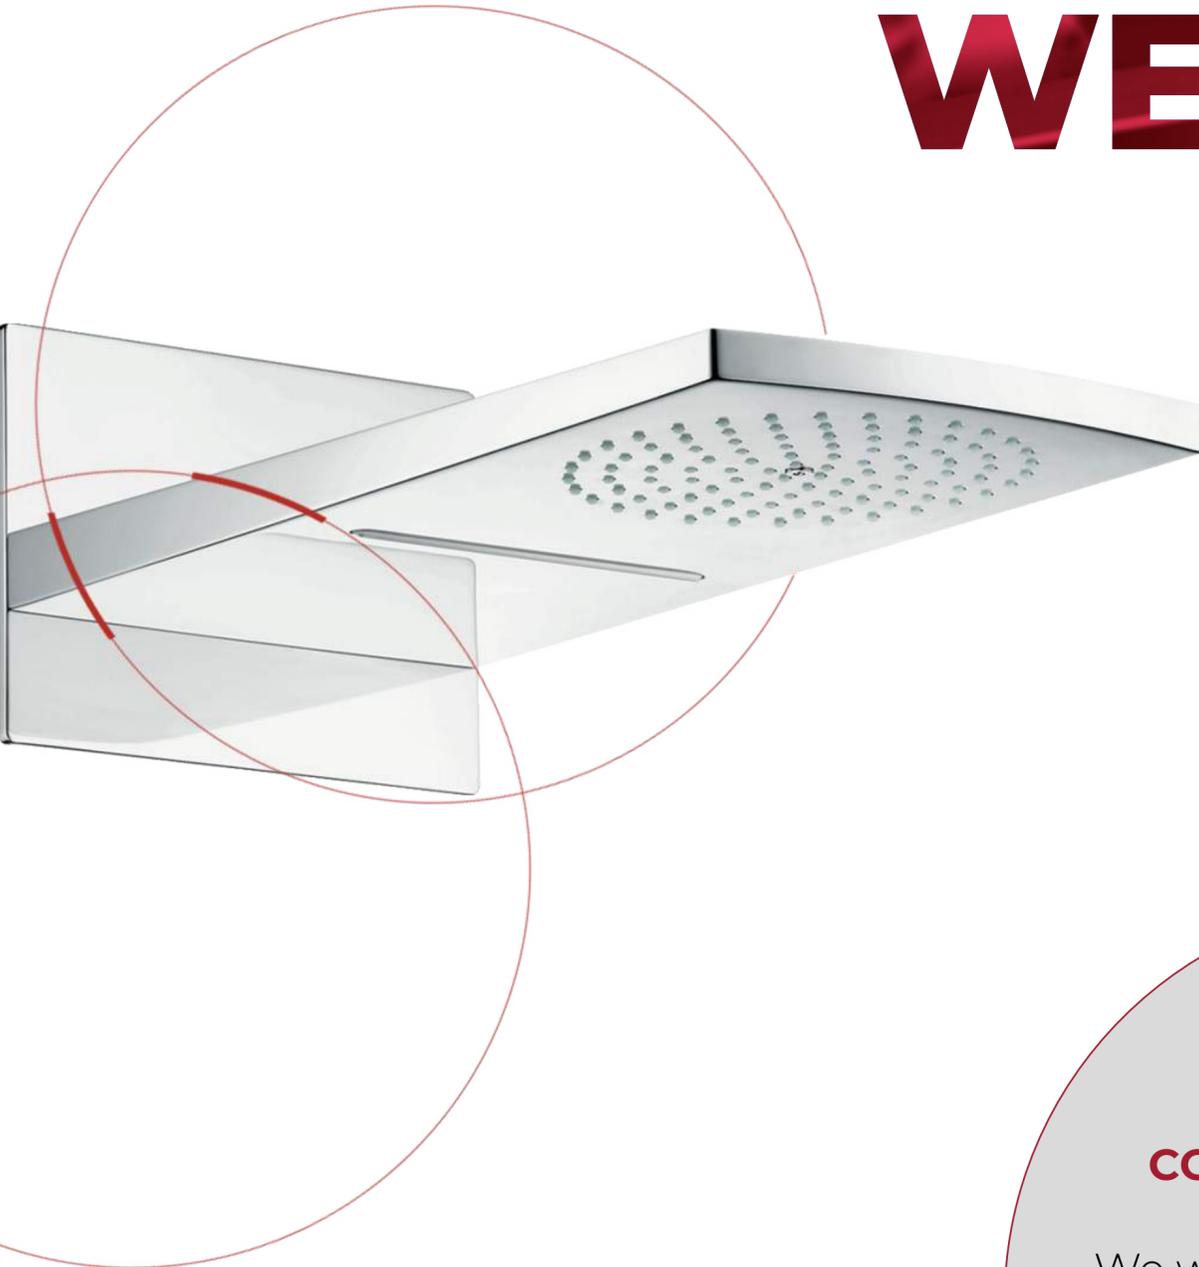

## Simultaneous Engineering

### From Design Phase to End Product

From design to prototyping, from material selection to process optimization; TORUN engineers support you along the project to achieve the best outcome together. With our simultaneous engineering concept, we work together with our business partners throughout all processes.

# WE DESIGN TOGETHER FOR BETTER DESIGN CENTER

## PRODUCT DESIGN AND DEVELOPMENT

TORUN has many years of experience in product development and improvement and we fully support our customers to develop parts that meet optimum product functionality.

## DESIGNING PRODUCTION EQUIPMENT

Our Design Center team is making the design for all the necessary molds, apparatus, tools and equipment for TORUN's manufacturing processes.

## COST CUTTING DESIGN IMPROVEMENTS

We work simultaneously with our customers to create a design that cuts costs. Best quality for the optimum price.

# DEVELOPING TOGETHER R&D CENTER

## NEW PRODUCT DEVELOPMENT

State of the art Laboratory & Advanced engineering software

\* Solution partner for transforming your valuable ideas into products.

**24**  
R&D  
PROJECTS  
up to now

## RESEARCH PROJECT PARTNERSHIPS

International Collaboration with International Research Communities

\* To conduct research projects.

## PROCESS OPTIMIZATION

Optimization for every process

\* To improve productivity, supply high-quality and reduce the costs.

## UNIVERSITY COLLABORATIONS

Industry and University Cooperations

\* To research and develop together.

# INNOVATING TOGETHER

## INNOVATION CENTER

OPEN INNOVATION

Collaboration  
for new  
models

ENTREPRENEURSHIP

Support for  
entrepreneurships  
and projects

WORKSHOPS AND ATELIERS

Studies with  
the best  
talents to  
find the best  
solution

# GROWING TOGETHER

## TORUN ACADEMY

### **CENTER FOR LIFE-LONG LEARNING**

We create a passion for life-long learning with blended learning technologies powered by reputable universities and academies.

### **ACCREDITED DEVELOPMENT PROGRAMS**

Torun Academy is an awarded academic institution that excels at providing accredited development programs in categories of “School of Management”, “School of Engineering”, “School of Foreign Languages” and “School of Quality Management” with a blend of academic and professional staff.

### **PREPARING NEXT GENERATIONS**

Torun Children’s Academy provides programs for our children to equip them with the competencies of the 21st Century.

# COMMITMENT TO SUSTAINABILITY

As a company that has a commitment to the UN Global Compact and to global ethics for sure, Torun Group reflects its responsibility for human and the environment in every project carried out.

Always working for the products that does not harm the environment, we offer 400 lead-free and low lead products for more environment-friendly processes.

We feel more fulfilled as we touch more human and offer better services. We believe in sustainable relationships that are key to our success.

# PART OF YOU

With all these capabilities, we are growing together with our stakeholders. We are not only part of your business but also a part of your life. We are the intersection point of every industry with our global locations and business approach. Together, we are a globally happy family working for a better future.
