

AGAflex for a long time is a leading supplier of threaded steel nipples. Threaded pipes are an indispensable element of many water and gas installations. From many years steel nipples are base of installation in every house and factory. Despite so may years of experience, threaded nipples are still a great building material, which often cannot be avoided.

Depending on the needs, threaded steel nipples are available in moulds:

- ✓ Galvanized, threaded on both sides
- ✓ black, threaded on both sides
- ✓ black, one side threaded

We offer threaded galvanized steel nipples and black steel nipples in a multitude of sizes ranging from 1/2" to 4" and various lengths from 6 cm to 300 cm.

We made according to Polish Products Standards PE-EN 1020241: 2005 – „Theaded steel pipe fittings”
