

Quality Products

Your Expert in Parts

Quality Products for every Purpose

Whether you need products for passenger cars, commercial vehicles, agricultural machinery or sea-faring vessels make sure to call HC-CARGO first!

With HC-CARGO as your supplier you have access to one of the most broad product ranges within autoelectrical items. All of our products are price competitive and of a quality that you can trust.

Starters, Alternators, DC-Motors & Dynastarters

- Comprehensive program
- For passenger cars, commercial vehicles, industrial machinery, agricultural, marine and various outdoor power equipment
- Detailed application list and cross references
- All units are sold outright (i.e. no core charge)

Comprehensive range of starter and dynastarter components

High market coverage with all relevant parts for a total repair solution

- Extensive range of main components like regulators, rectifiers, stators, rotors, brackets, pulleys (for alternators) and armatures, field coils, drives, solenoids, planet gears (for starters)
- Various small parts like bearings, brushes and slip rings (for alternators) and brush sets, brush holder, bushings, contacts (for starters) or complete repair kit solutions
- Quality tested aftermarket products to secure perfect fit and easy installation
- HC-CARGO components are used in production of leading reman brands

Electrical Parts and Engine Management

- Electrical pumps, horns, blowers, ignition switches, wiper- motors - arms and blades
- Gauges, battery isolators and converters
- Lambda Sensors, Ignition Coils, Crank Sensors, Cam Sensors, EGR Valves, ABS Sensors, Air Mass Sensors, Map Sensors, Knock Sensors
- Safety equipment such as parking assistant, reverse alarms and rear observation systems
- Glow plugs and shutdown solenoids

Workshop Consumables

- Wiring, fuses, relays, plugs, sockets, multifunction testers and extractors
- A wide range of switches and contacts for almost any purpose

Lighting

- Rear multi-function lamps
- Rotating beacons
- Bulbs
- Work lamps
- Reflectors
- Many more lighting related products

A/C Compressors

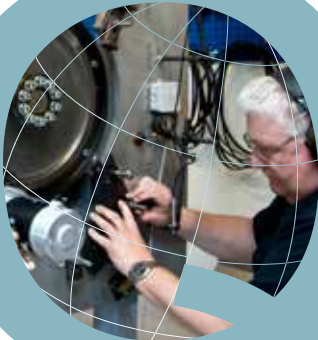

- Detailed application lists and cross references
- Coverage of the most popular European vehicles

A/C Compressor Components

- Wide range of compressor spare parts
- Universal parts as o-rings, shaft seals, oils, gaskets etc.
- Diagnostic tools

A/C Components

- Wide range of filter/dryers, condensers, expansion valves, cabin blowers, blower resistors and pressure switches.
- Continuous program extension

Quality is key to us

The HC-CARGO logo stands for high quality standards. Our dedicated technical team constantly ensures product quality through reliable and sustainable processes

- We are using
 - ✓ Optical tests
 - ✓ Fit and function tests of spare parts (both electrical function and dimension)
 - ✓ Functional tests
 - ✓ Performance and endurance (incl. break-down and temperature) tests
 - ✓ Knowledge and solid experience

Annually we are testing more than 4500 parts and units. When tests have been successful, the products are approved and released for sales.

We are ISO 9001 certified and working according to automotive standards
