

CHAMPION CO-DEVELOPS TWO EXCITING NEW OILS WITH BMW MOTORRAD

- Champion launches two all-new motorcycle engine oils: BMW MOTORRAD MOTORSPORT PRORACING GP 4T 5W-40 ESTER+ and BMW MOTORRAD MOTORSPORT PRORACING GP 4T 10W-50 ESTER+
- Highly-innovative lubricants co-developed with the BMW Motorrad World Endurance Team
- Perfect lubricant solutions for high-performance motorcycles and motorsport

Champion Lubricants has launched two new motorsport-inspired engine oils as part of its expanding motorcycle range; BMW MOTORRAD MOTORSPORT PRORACING GP 4T 5W-40 ESTER+ and BMW MOTORRAD MOTORSPORT PRORACING GP 4T 10W-50 ESTER+. The lubricants are benefiting from the technical partnership with the BMW Motorrad World Endurance Team, harnessing world-class racing knowledge, engineering and passion to produce some of the market's most advanced motorcycle lubricants.

The FIM Endurance World Championship (EWC) is home to some of the most fiercely competitive and grueling racing in the world of motorsport. With riders and machines put to the test over 8- and 24-hour races, peak performance and outstanding reliability are essential qualities. As the Official Lubricant Partner of the BMW Motorrad World Endurance Team, Champion Lubricants is constantly working with the team to provide leading-edge lubricant solutions.

Now, these top-tier racing lubricant technologies have been adapted for motorcyclists around the world. BMW MOTORRAD MOTORSPORT PRORACING GP 4T 5W-40 ESTER+ and BMW MOTORRAD MOTORSPORT PRORACING GP 4T 10W-50 ESTER+ are both full synthetic lubricants that have been optimized to unleash the potential of high-performance motorcycle engines.

With Champion's Ester+ Adaptive Shield Technology, these innovative formulations offer outstanding lubrication and wear protection, alongside improved performance and fuel economy. Recommended for motorsport and high-performance motorcycles, these oils increase engine, transmission and clutch operation while optimizing power output and reliability.

Both of the new lubricants will be available in 1L cans.

The engineers at Champion Lubricants understand the specific requirements of performance motorcycles and have developed a high-quality portfolio of motorcycle lubricants and products. Catering to each riding style and category, Champion's PRORACING GP, PROPULSE TT and MOTO HP ranges have something for every rider.

Wolf Oil Corporation

Wolf Oil Corporation is a leading, independent producer of performance lubricants with over 60 years of expertise. We pride ourselves on being a pure player in our industry. All Wolf products are on-site blended in Belgium, because we attach as much importance to the quality of our products as we do to the quality of our service. Moreover, thanks to our dedicated R&D team, our on-site laboratory and our ISO certification, we guarantee the highest quality in every step of our production process. This approach gives us a unique edge within our competitive industry. We welcome the many challenges of producing lubricants of the highest quality, because no one blends technology with service like we do.
