

# Green city

**A fair & respectful organic  
range.**

MADE IN FRANCE

**A fair & respectful organic range.**

The aim of the range « GREENCITY » is to respect the environment with highly efficient products. That's why we developed a high-performance screen-washer of natural origin, with a can made of sugar cane and 100% recyclable.

The content of the screen-washer is fully organic.

With this range DURAND PRODUCTION shows its commitment to sustainable development and contributes to protect the environment.

## The can :

- 100% recyclable
- 100% natural and renewable, because its produced from sugar cane - vegetable plastic.

## How does it work ?
