A long solid history

- 1883** Mr. A. Bakkeren founded and officially registered Bakkeren Company.
- 1925** Bakkeren started modifying the first T-Fords
- 1945** Became a wholesaler of ex army material for MACK, GMC etc.
- 1950** Trailer construction for domestic market
- 1960** Importing and selling components for all known types of trucks
- 1970** Acting as DANA facility in Europe, distributing all Spicer parts like clutches, gearboxes, universal joints and drivelines
- 1980** By then known as THE specialist for all types and series of universal joints, drivelines and components
- 1983** The firm celebrated its CENTENNIAL anniversary, 1883 – 1983, meanwhile exporting to more than 30 countries all over the world
- 1997** Received ISO 9001 certification
- 2001** Expanding its driveline business and for the first time participating in the world's most famous exhibitions
- 2004** Introduction of BKJ, Bakkeren's own brand of universal joints
- 2007** Growing business forced Bakkeren to move to new bigger premises with updated facilities
- 2008** Celebrating its 125th anniversary and still growing strong

In 2004 we introduced our own brand of universal joints **BKJ** and driveline parts **BAK** for aftermarket purposes.

BKJ and **BAK** are registered trademarks
