## BRAKING

All our experience for over 60 years

### Brake Discs

Same weights and thicknesses of the original equipment parts

items 1671

pre-code CD

### Brake Shoes

Equipped with automatic register to avoid braking problems

items 705

pre-code GF

### Brake Shoe Kits

Convenience and mounting speed without errors

items 203

pre-code GK

### Brake Shoe Spring Kit

Modular spring kit for any need

items 365

pre-code SK

### Brake Pads

Equipped with anti-vibration shim for maximum performance

items 1790

pre-code BP

### Brake Wear Indicators

The perfect match to the Bremse braking system

items 495

pre-code WI

### Brake Drums

Produced in cast iron for maximum heat resistance

items 60

pre-code CR

## SUSPENSION

Premium quality for an exclusive driving experience

### Shock Absorbers

Bremse shock absorbers and braking system, safety first

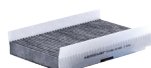

items 2115

pre-code SA

## FILTRATION

A new purity concept

### Cabin Filters

Available with activated carbon or antibacterial filter

items **484**

pre-code **FC**

### Air Filters

Provide clean air to your engine with well-filtered air

items **846**

pre-code **FA**

### Fuel Filters

In metal, ecological, in line and immersion

items **339**

pre-code **FE**

### Oil Filters

Get oil fluidity by reducing consumption

items **337**

pre-code **FL**

### Transmission Filters

Improve performance by filtering any polluting particles

items **58**

pre-code **FR**

## COOLING

Efficiency and reliability for the heart of the cooling system

### Water Pumps

Efficient engine cooling and lasting performance

items **625**

pre-code **WP**

## WIPER BLADES

Universal range adaptable to any vehicle

### Front Wiper Blades

Necessary adapters for any mounting are included

items 18

pre-code WF

### Rear Wiper Blades

Adaptable and compliant with all brush movements

items 6

pre-code WR

## HYDRAULIC

High technology in producing and assembling components

### Brake Cylinders

High quality for an essential component of the braking system

items 910

pre-code BC

### Clutch Cylinders

Ensures good clutch operations

items 252

pre-code SC

### Brake Pumps

Primary component to ensure excellent braking

items 1099

pre-code PB

### Clutch Pumps

Essential part for correct clutch functionality

items 435

pre-code PC

### Braking Correctors

Adjusts hydraulic pressure sent to brake cylinders

items 73

pre-code PV

## A COMPANY THAT GOES WAY BACK

Bremsi is a registered trademark of FRENAUTO S.R.L., founded in 1976 as a company specialized in brake shoes production. The company grew rapidly by working in collaboration with some of the most famous names in the spare parts market.

Over decades of accumulated experience in the sector has allowed the production and trade of auto parts with over 14.000 references constantly updated with a product perfectly cantered on the needs of today's market.

Safety, efficiency, durability, and competitive price are the guidelines followed by Frenauto today.

## BREMSI IS PRESENT AND CERTIFIED IN THE FOLLOWING CATALOGUES

## FAST DELIVERY AND HIGH STOCK LEVEL

Once prepared, the product is then delivered to our main warehouse in Northern Italy. In this way the products are constantly refilled and always available in stock in large quantities.

Strategic position, cutting-edge logistics and latest generation technology allow us to prepare orders in the shortest time possible.

Once the order has been prepared, it is entrusted to a transport company. Average delivery time in Italy is expected in 1 or 2 days, while up to 3 days for delivery throughout Europe.
