

KUNAGONE
AGAINST MARTENS

ABOUT US

KUNAGONE was created from the need to create an easy and at the same time unique solution for scaring-off wild animals. Equally we wanted the product to be an economical and effective alternative to the already available solutions.

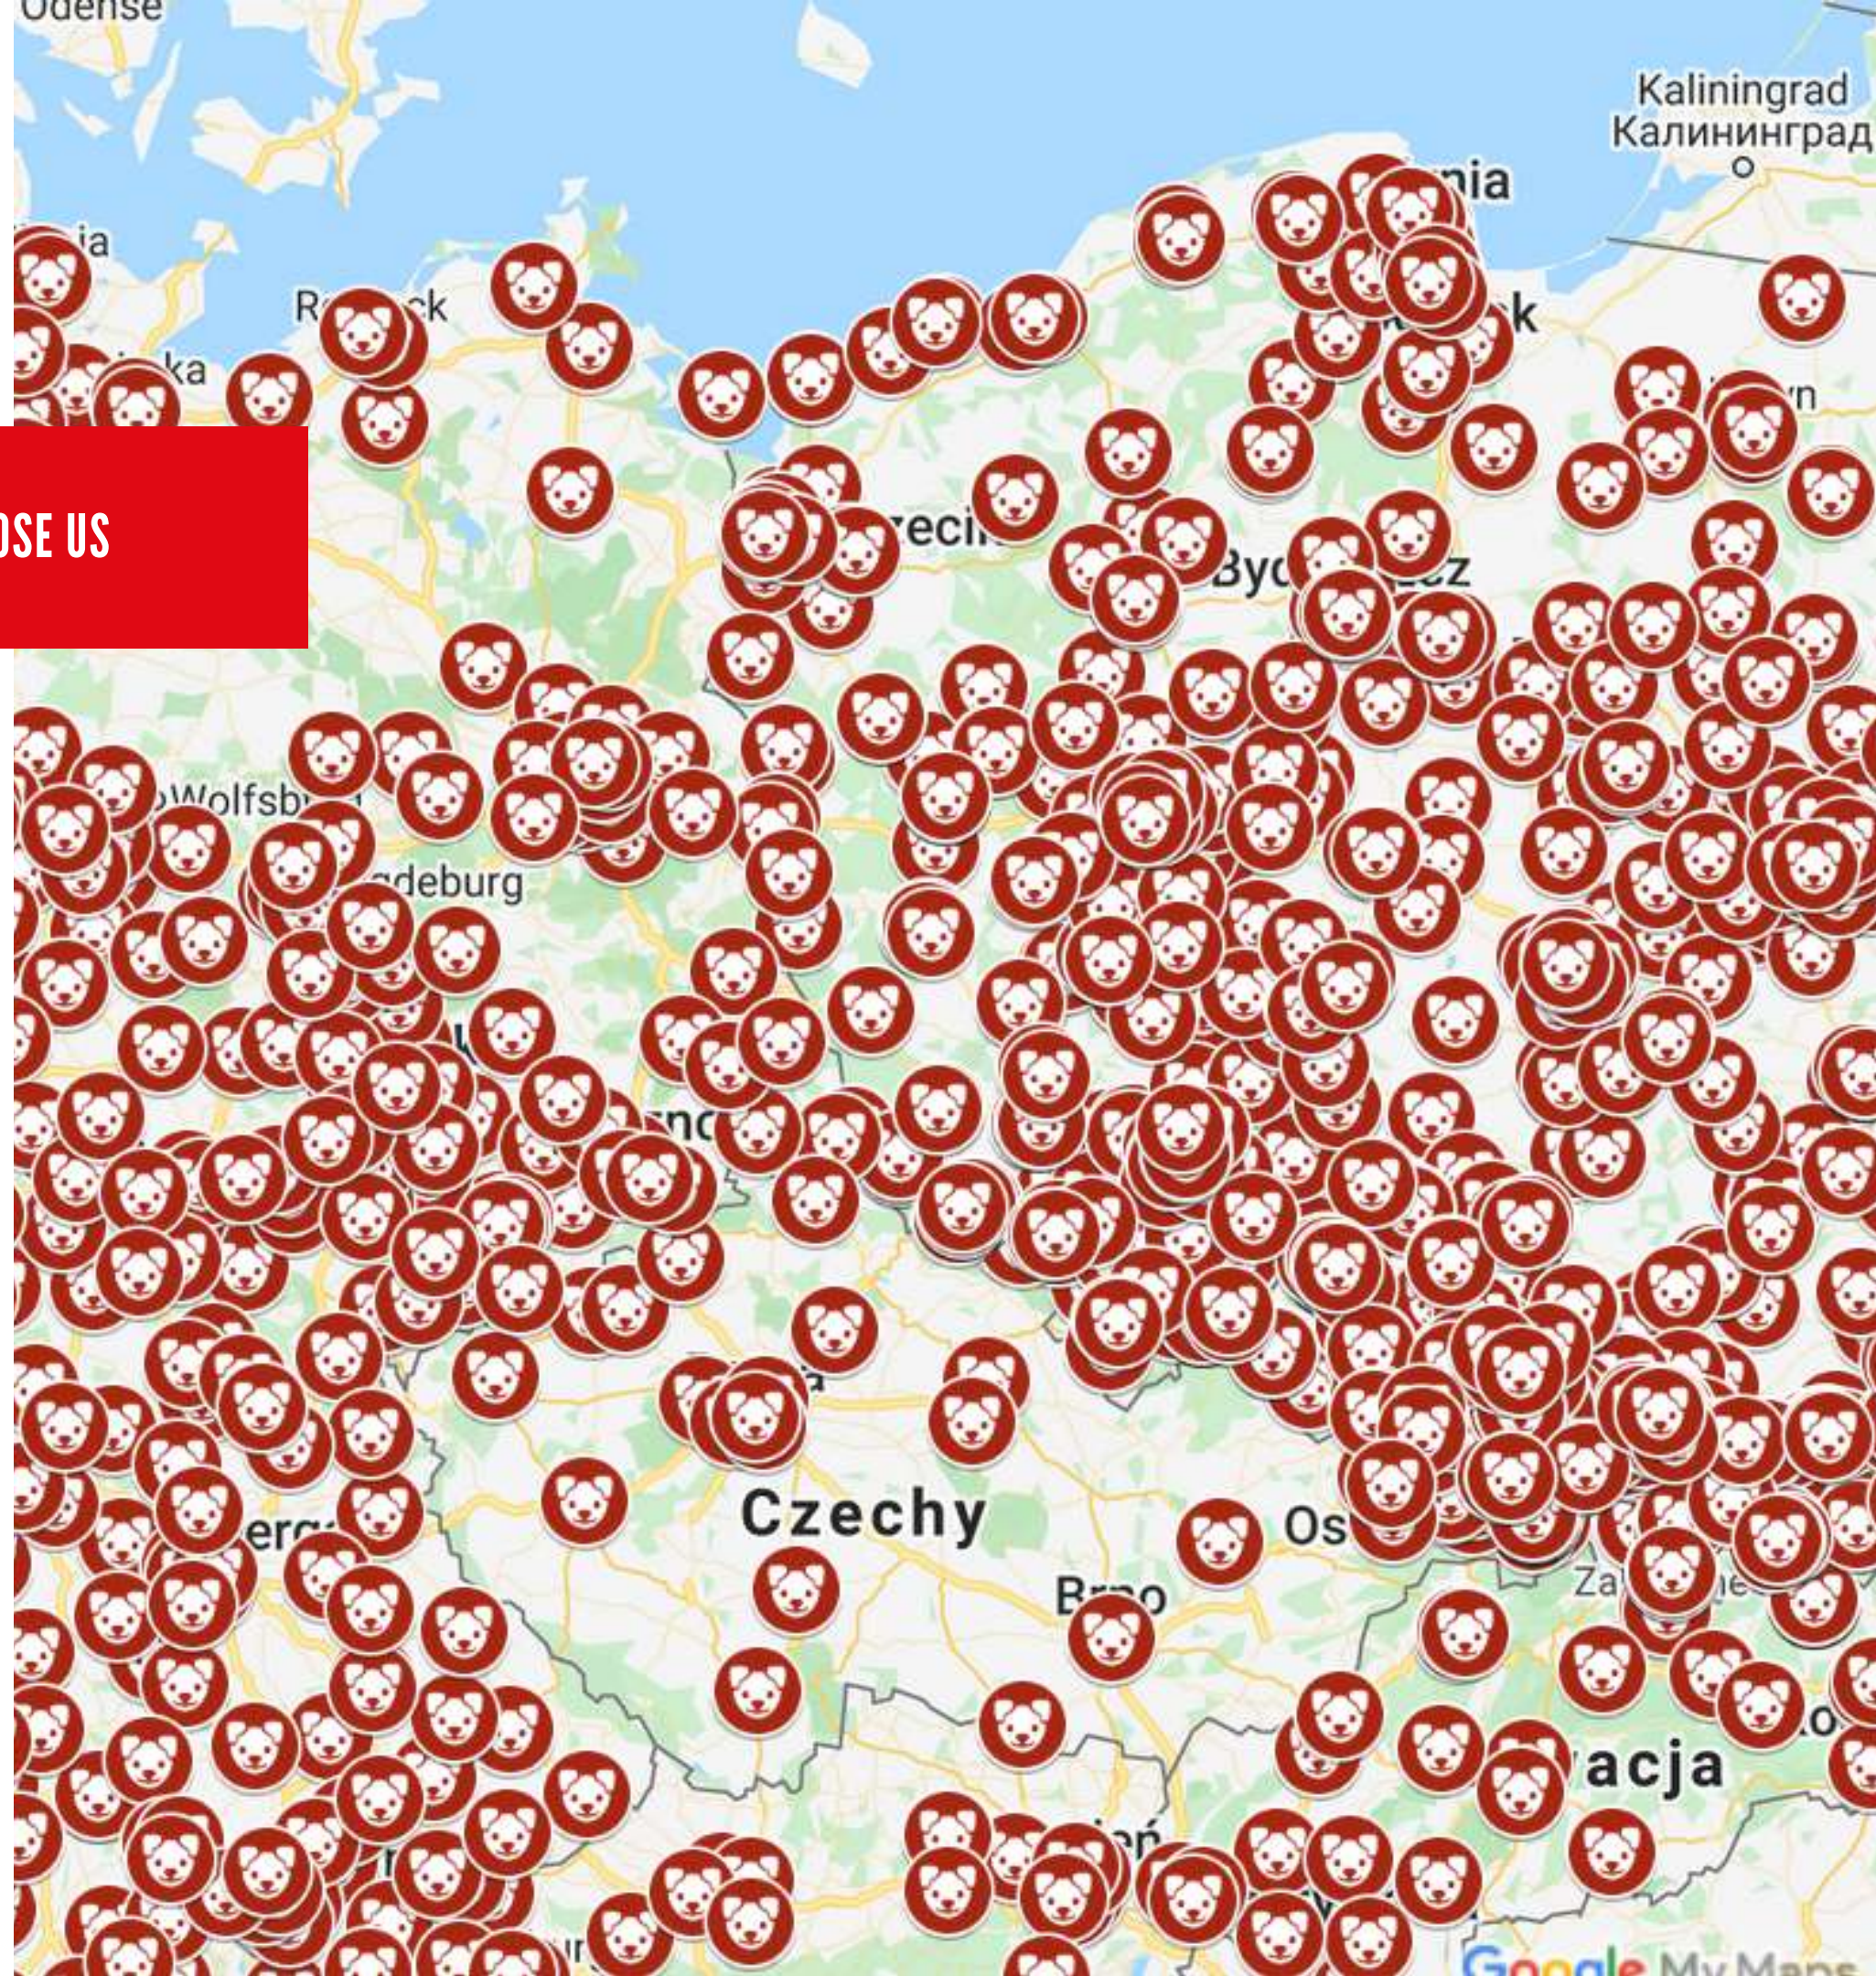

Our patented Polish products release natural scent that deters not only martens but also other wild animals.

CHOOSE US

KUNAGONE: MARTENS

They chew wires in cars... hide in attics/gardens/henhouses. How to get rid of them effectively? The answer is simple - KUNAGONE for martens!

It contains a mixture of hair from several dogs of different breeds with a fragrance composition and wax, which extends the duration of action. The product is sold in the form of a bag, making it very easy to install.

UNPACK

Remove the foilcover of the bag.

INSTALL

Tie the bag under the bonnet of the car.

WAIT

Let it slowly release the smell under the bonnet.

OBSERVE

Is there no attack? No martens. If they come back add immediately another bag.

PROTECT THE CAR

Keeper of your area has been activated. Run time from 3 to 6 months.
