Delivery Cycle

Grey points indicates the main delivery points to reach our customers around Turkey.

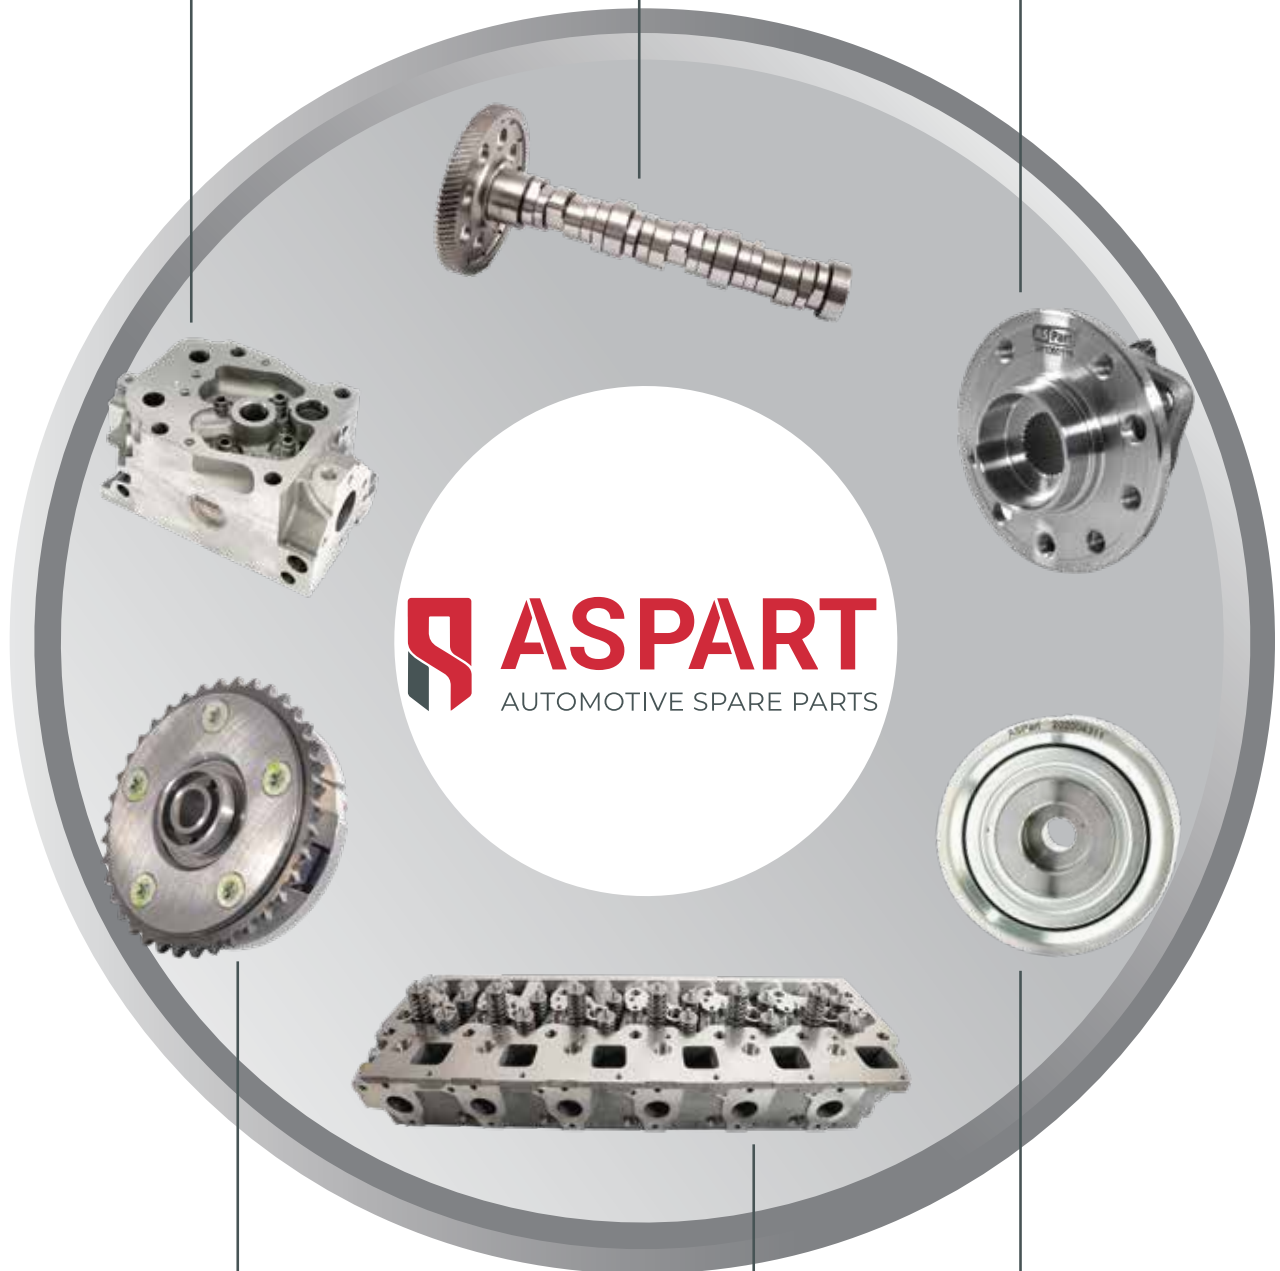

- Motor Aşın which maintains sector leadership with an ever-growing momentum, has started to produce spare parts under the brand name AS-PART in order to offer different alternatives to its customers.
- Furthermore, AS-PART brand with new spare parts added to its range every day, has become a brand that stands out in the sector with its increasing quality and product range.
- We started with 75 products in the year of 2012 and our product range has increased to 650 varieties. As of 2021; the number of approximately 10,000 parts has been placed in our shelves and by the 2023 our ultimate goal is to reach 15,000+ parts to improve our market share and to grow safely under the roof of Motor Aşın.
- Today, ASPart product range has become a position to supply domestic and abroad spare parts for passenger cars, light commercial vehicles, buses and heavy trucks as well as original and spare parts
