DESIGN & DEVELOPMENT

HML is an ISO certified automotive manufacturer in Malaysia.

Being in our mission to cater to our customers' needs at all time in the constant changing world, we have developed over 5,000 items at present.

We constantly develop new items to be in tandem with the changes and the extra mile we chart for our clients.

HML products are largely promoted and carried around through our brand, ASHIMORI.

QUALITY ASSURANCE

- ISO 9001:2015

- HML products are manufactured according to OEM standards.
- We provide warranty of 20,000KM to all our products.
- Our rubber compounds are formulated according to ASTM D2000 standards.
- Our rubber is tested by our Malaysian Rubber Board.
