

The Professional's Choice

POWERTRON ULTRA 5W-40

Veedol Powertron Ultra 5W-40 motor oil is developed according to the most recent technology and based on specially selected synthetic base oils with a high natural viscosity index. With the addition of a well-balanced choice of advanced additives the following benefits are obtained:

- High resistance to shearing
- Fast cold start
- Safe lubrication film at very high temperatures
- Reduced formation of combustion ashes
- Very good detergency and dispersion
- Very strong protection against wear, corrosion and foaming

Application

Veedol Powertron Ultra 5W-40 motor oil is specially recommended for passenger car unit injector diesel engines. Further this lubricant is very suitable for use in petrol and diesel engines, with or without turbo-charging. This product meets the requirements of several OEMs and thus has a wide application. It provides reliable protection of after-treatment devices and diesel particulate filters. It is a mid SAPS oil corresponding to Euro 4 and Euro 5 norms.

Specifications

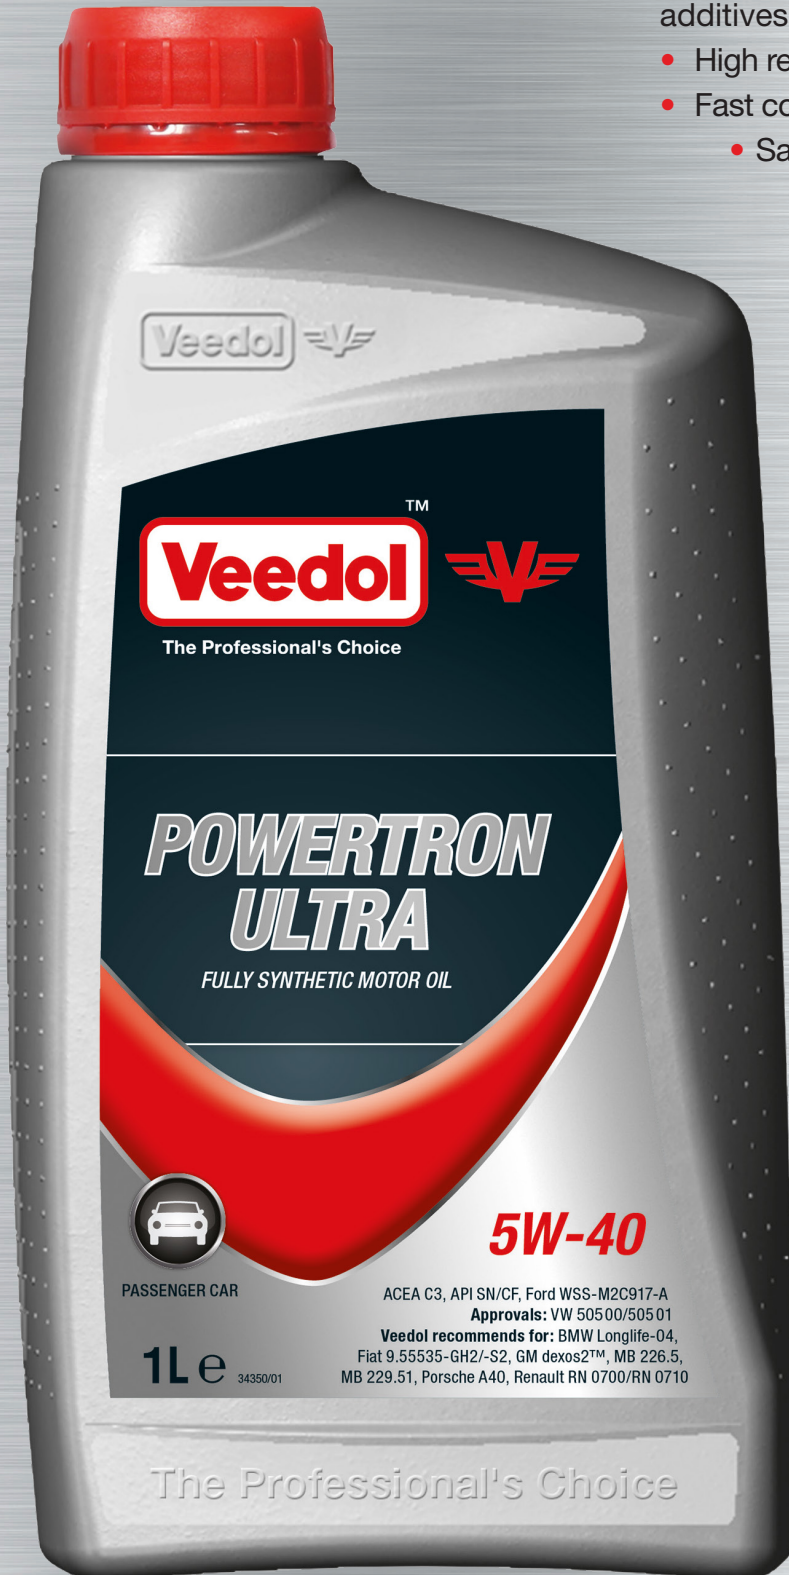

ACEA C3
API SN/CF
