

**SARLA
PERFORMANCE
FIBERS LIMITED**

THREADING EXCELLENCE

Sarla's yarns & threads form a deep, intrinsic
and invisible part of our everyday lives.

Find us in the knee length socks worn by
football players, or in the dress socks of a
teenage girl; in a well-worn t-shirt of an
executive or in the fine hand sewing of
leather shoes worn by an entrepreneur. We
are sewn onto a luxury mattress or found in
the stitching of your car upholstery. Our
yarns sit well in the elastic tape of boxers or
in the intricate embroidery of your dress.

THE COMPANY

An ISO 9001:2015 Certified Company, Sarla Performance Fibers Limited is engaged in the manufacturing and export of polyester and nylon textured, twisted and dyed yarns, covered yarns, high tenacity yarns and sewing thread.

The company's head office is located in Mumbai, India and its manufacturing facilities are situated 160 km outside Mumbai in Silvassa, Dadra and Vapi. Our state-of-the-art infrastructure allows us to process customized orders ranging from a few hundred to several thousand kilos.

Beginning as a manufacturer of commodity yarns, the company has successfully shifted its focus and established itself as a manufacturer of specialized and higher value added yarns.

Our strength lies in customizing the product as per each individual customer's requirements and specifications.

QUALITY CERTIFICATES

Sarla has 25+ years of experience in the Global Textile industry.

SERVING YOU GLOBALLY

- Exports to over 59 countries across 6 continents

**OUR TEXTURED POLYESTER
IS USED IN SEWING THREAD,
OUTERWEAR, SOCKS, FURNITURE
& AUTOMOTIVE UPHOLSTERY,
NARROW FABRICS & TAPES, MOPS,
SAFETY GLOVES, TOWELS, SHOE
UPPERS AND VARIOUS OTHER
FLAT KNITTED PRODUCTS.**

TEXTURED POLYESTER

FEATURES

Low shrinkage characteristic

Excellent bulk properties

Okeo-Tex Certified 100 CLASS 1 for baby wear

Good abrasive properties for extended fabric life

Custom dye matching for providing exact color requirement

High degree of colorfastness to withstand extensive washing

Facilitates excellent yarn evenness in weaving and knitting process

AVAILABLE IN

Raw White

Twisted Raw White

Twisted Raw White on Dye Tubes

Textured Dyed

Twisted Dyed

Twist : 60 TPM onwards

Batch Sizes : Available from 5KGS - 480KGS

100% recycle post-consumer

DID YOU KNOW?

Our unit produces more than 250 different varieties of value-added yarns and threads to satisfy our niche and individual customer end applications.
