

# Press release

**Woertz AG: Your Partner for Innovative Electrical Installation Technology at Light and Building 2024**

Frankfurt, 3 March, 2024 – The future of electrical installation technology is here! With great anticipation, Woertz AG invites you to join us at the Light and Building Exhibition 2024 in Frankfurt. From 3 March to 8 March, 2024, we will showcase how we are revolutionizing the world of electrical installation technology with solutions that are not only intelligent but also forward-thinking.

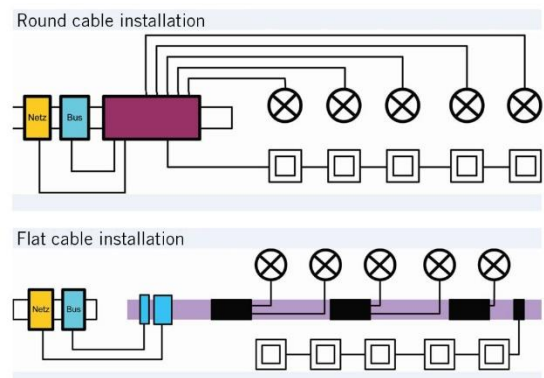

## Intelligence in Electrical Installation:

Woertz AG leads the way in advancing the electrical installation industry. With over 50 years of experience and a pioneering role in flat cable technology, we have developed unique solutions that radically enhance efficiency, safety, and functionality in electrical installation, e-mobility infrastructure, KNX building automation, and fire protection.

**Reducing Cable Quantity in Automation:** Our revolutionary systems allow for a reduction in material costs of up to 80%, while simplifying the installation processes.

**Enhancing Efficiency:** With our innovative solutions, you can reduce your effort by 60%, resulting in significant cost savings and improved project efficiency.

**Time Savings in Installation:** Our advanced technologies enable a 50% reduction in installation time, saving valuable resources and allowing you to complete projects faster and more efficiently.

**Uncompromising Quality and Reliability:** Woertz stands for top-notch quality and the highest reliability. We guarantee safety and adhere to the highest standards in all our products and solutions.

**Woertz AG – Your Partner for Comprehensive**

**Solutions:** We offer not just products but integrated solutions that are perfectly coordinated and seamlessly connected. Our tireless innovation allows us to support customers with the most advanced solutions on the market.

At Woertz, we take pride in revolutionizing the electrical engineering industry and enabling our customers to optimize their electrical installation projects without compromising on quality and reliability. Visit us at Light and Building 2024 and witness how Woertz brings buildings to life!

We look forward to your visit and to shaping the future together!

With kind regards

Carole Woertz
