

For almost 40 years, LMT Leuchten + Metall Technik GmbH has stood for high-quality lighting solutions and sophisticated metal constructions for a wide range of projects all over the world. As an owner-managed family business with about 50 employees, we develop sophisticated luminaires for architecture and technology, as well as high-quality housings and metal constructions for medical technology, industry and construction. We are certified according to ISO 9001:2015, ISO 14001:2015, DIN 1090 and DIN EN 15085-2 CL1/P.

To strengthen our team, we are looking for you as an

Electrotechnician (m/f/d)

for luminaire development

at the earliest possible date, full-time and permanent position.

Do you want to work on exciting projects, promote climate protection, develop energy-saving solutions and contribute your ideas?

Then you've come to the right place, because we are looking for people who

- Select LEDs in such a way that the desired efficiency is achieved,
- set drivers for a long service life,
- contribute to our technical luminaires,
- drive forward the certification of luminaires,
- design networks for luminaires,
- optimize control systems for energy savings,
- setting and programming the desired lighting solution on site,
- and support the acceptance process

Your Profile:

- Completed apprenticeship as an electrician, electrotechnician or similar
- Relevant work experience
- Class B driving license
- Knowledge of German

Your Benefits:

- Permanent full-time position with attractive remuneration, 30 days' vacation, flexible working hours
- Exciting projects, varied tasks
- Flat hierarchies, young and dynamic team
- Friendly working atmosphere in a motivated and collegial environment
- Bicycle leasing also for your partner
- Private supplementary health insurance also for your partner
- Health measures: Company doctor, "sport on site", etc.
- Company parties, after-work barbecues
