[WallWasher]

Con la intensidad y majestuosidad en que la luz llega a una cueva, Cave penetra de forma sorprendente en cualquier estancia. Su gran tamaño y diseño evoca la grandilocuencia de la naturaleza de esta luminaria.

With the intensity and majesty in which light reaches a cave, Cave surprisingly penetrates into any stay. Its large size and design evokes the bombast in nature of this light.

CAVE

We present a new family of LED downlights, "CAVE", Made with an Aluminum body, it is composed of 7 models of different sizes with up to 7 different powers, from 3W to 30W. Its minimalist design allows us to have an extra thin ring on the surface and its "Deep Effect" generates a visible depth from any point, achieving an Anti Glering UGR <19. To complete all kind of projects, we have a wide variety of finishes, as well as multiple color temperature options, and Smart regulation systems and controls. We highlight: its IP44 ext., its easy installation and the option of aluminum rings to cover an uppercut if necessary, as well as the possibility of replacing the COB LED module, just by removing 3 screws.

The luminaire always includes a driver, in on / off format, JISO SPAIN driver with a 5-year warranty.

The luminaire is CB Certified and several of the models have EER certificates available for distribution in Saudi Arabia.

- “Deep Effect”
- Minimalist aesthetic
- Semitrimless
- Facility to replace led module

CAVE offers the option of adding aluminium rings to cover different cut-outs from the luminaire if necessary. These accessories are available in the same finishes as the luminaire, and their simple and quick installation considerably expands the installation possibilities.
