

A decorative background pattern consisting of a network of grey lines and dots, resembling a circuit board or a molecular structure. Several colored squares (yellow, green, blue, and dark blue) are placed at various points along the lines. The pattern is more dense in the top right and bottom left corners.

— COMPANY PROFILE

Since
1979

ABOUT US

Pedaş Electric Industry and Trade Inc. was established in 1979. Pedaş company manufacture indoor and outdoor LED lighting fixtures, industrial type lighting fixtures in its modern factory of 11.000 m2 and exports its products to 66 countries around the world.

Pedaş offers consultancy services in determining the Project-based needs of its customers with its experienced engineers, designers and technicians. Likewise, with its experienced R&D department staff, it constantly works on new product development.

Pedaş is proud of being among the leading organizations of the sector by combining its experience gained from its deep-rooted past with its innovative and continuous improvement vision.

Pedaş considers its suppliers, employees, customers and all other stakeholders as members of the Pedaş Family and works for the happiness of all family members.

Applying the "Total Quality Management" rules in all processes, Pedaş makes production with TSE-ISO 9001: 2008 quality standards, continuously increases its targets with its "Unconditional Customer Satisfaction" policy and takes firm steps towards the future.

CORPORATE VALUES

Our Mission

To ensure the unconditional satisfaction of our employees, suppliers, customers and all other stakeholders. To create value by continuously increasing our quality. Fulfilling all processes and activities in the best way. To fulfill our responsibilities to humanity, environment and universal values.

We Export to the World for 43 Years

Our Vision

To be among the leading LED lighting manufacturers in Turkey. To be a well known brand in international markets. To be a company that makes a difference with its product variety, quality, dynamism and efficiency. To be a company that leads the sector with its innovative products.

CHAIRMAN'S MESSAGE

Honesty, work ethics, quality, our unconditional satisfaction of our employees, suppliers and customers have been effective in achieving this position of Pedaş, which we established from scratch 43 years ago.

The lighting industry is growing rapidly in Turkey and in the world. As Pedaş, we aim to continuously increase our share in this growing market and to guide the sector with innovative products and to gain new perspectives.

In our new modern factory, we produce by creating synergy with our qualified employees and our solution partners, and we export our products to 66 countries around the world besides the domestic market.

In today's competitive environment, we are aware that the way to success passes through efficiency, high quality, innovation and R&D, and we carry out our work in this direction.

I would like to express my sincere thanks to our employees, suppliers, customers and all other stakeholders for their contribution to the success of Pedaş.

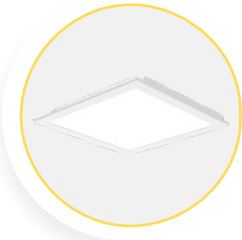

We will continue to build on our success, invest and serve our customers with honesty and enthusiasm.
