ABOUT US

In past four decades, LEIYUEH committed to innovation, quality and service. From the spirit, we invented Rope-light, LED Strip and many other products. Our ability has awarded or affirmed by multiple world class design award, government and trade organization. ensured that we are able to provide innovative products or design for the global market. We're looking forward to providing our products and service, as well as co-operation for making this world better together.

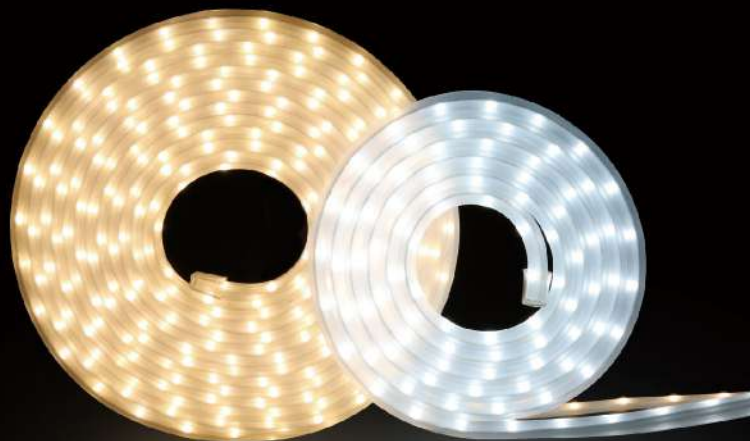

MICRO LED LIGHT STRIP - SERIES (MLS)

Durable IP66/67 LED Strip with longest max single run

- Unique flexible LED strip with IP66/67 waterproof feature. Bus-Wire structure can carry upto 8 Amps current within the product, make the MLS the longest safe low DC voltage product in the market. Design for variety indoor and outdoor usage : Pathway light, Cove lighting, signage, and many many more.

► MLS Series Features

- Durable double layer high quality polymer to protect wire & LED
- World-class premium LED (Osram)
- LED picked for leveling light and color consistency
- Field Cutting & Re-connection possible

MLS - BRIGHT NEON SLIM

► Slimmest Neon Like Led Strip with High Brightness

- >1000lm/M : Max single run up to 27M (Power both end)
- High uniformity & efficiency
- CRI : >90
- Easy to install to fit in outdoor & indoor environment
- Sizes : 7.6 (H) x 15 (W)mm
- Ideal for linear illumination in any space

NEW

MLS - AC LED LIGHT STRIP

- ▶ Build-in constant current driver and rectifier, provide uniformly stable light for your work, without voltage drop issue
- Premium brand LED, quality and durability guaranteed
- Worldwide patent waterproof connector sealed with IP66/IP67 high quality plastic
- No adaptor or transformer required, safe and reliable with fused plug (US NEMA type)
- Maximum length 50M ; Maximum lumen 1000lm per meter
- Suitable for home decorating, yard, walkway, ceiling, shelves, camping, and any indoor or outdoor space ; Direct and indirect lighting on daily use or create tender celebration atmosphere for every moment

NEW

MLS - CINTA

- ▶ Soft lighting flows along finely knitting fabric adds a fine touch to every interior
- Unique spotless design strip light with elegant braided tape wrapped
- Red Dot Design Award winner 2023
- Various patterns to match any kind of architecture design
- Can be easily mounted onto or hung on the desired location
- Collocation with dimmer or controller, to create a perfect atmosphere for yourself
- Great idea for high-end products showcases avoid unwanted reflections appeared of shinning surface ; Felicitous for living rooms, bed rooms, cabinet, decorations, and other domestic / commercial space

MLS-R

- World Longest 50 Meter DC LED Strip
- 290 lm/M (max)
- 3 sizes (5x8, 6x12, 10x10mm)
- Ideal for decoration, low level illumination

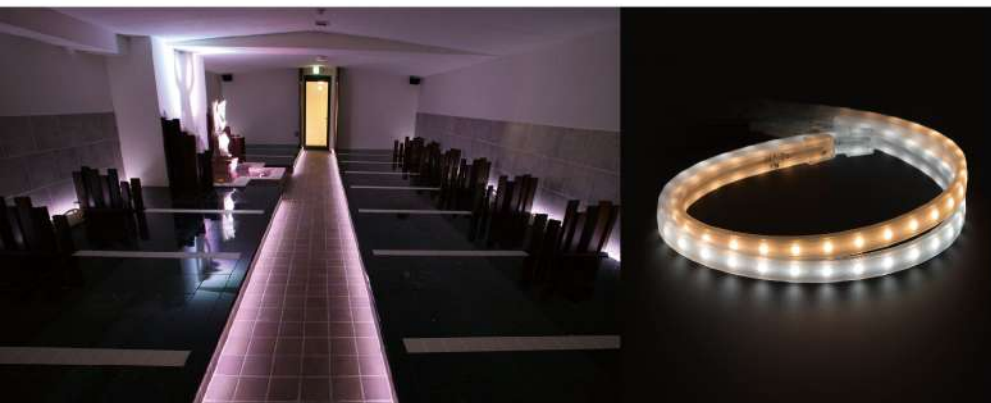

IP 66/67	Run 50M	VDC 12	VDC 24	Watt 2.88 _W	BL	RD
AM	GN	CCT K 2700	CCT K 4000	CCT K 5700	CCT K 6000	CCT K 9000

MLS-LUX+

- The Brightness Linear Illumination
- 1000 lm/M (max)
- Max single run up to 35M
- Sizes : 6 (H) x 12 (W)mm

IP 66/67	Run 35M	VDC 36	Watt 9 _W	CCT K 2700	CCT K 3000	CCT K 4000	CCT K 5700
-------------	------------	-----------	------------------------	---------------	---------------	---------------	---------------

MLS-LUX

- Best Long Run LED Strip for Cove and Indirect Light
- 550 lm/M (max)
- Max single run 25M
- 3 sizes (5x8, 6x12, 10x10mm)

IP 66/67	Run 25M	VDC 12	VDC 24	Watt 7.2 _W	CCT K 2700	CCT K 5700
-------------	------------	-----------	-----------	--------------------------	---------------	---------------

MLS-LUX ULTRA

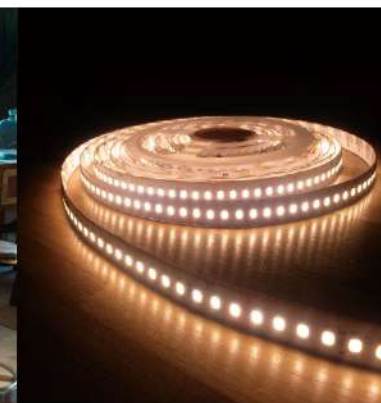

- Long Length Run, Constant Current Included
- 2000 lm/M (max)
- Max single run up to 21M
- Sizes : 7.6 (H) x 15 (W)mm
- Suitable for main and indirect lighting

IP 66/67	Run 21M	VDC 24	Watt 17.8 _W	CCT K 3000
-------------	------------	-----------	---------------------------	---------------

MLS-TRANSCOLOR

- RGB Flexible LED Strip with Million Colors
- Max single run up to 30M
- Sizes : 7.6 (H) x 15 (W)mm
- Ideal for decoration, special effect, and mood lighting

MLS-RIBBON

- Using Quality OSRAM SMD 2835 LED, High Brightness
- Up to 2000lm/M
- Sizes : 2 (H) x 10 (W)mm
- Ideal for stairway, cabinet & indirect lighting

MLS-TRANSCOLOR

- Tunable White LED Strip for Mood Changing
- Up to 622lm/M : Max single run up to 30M
- Changeable white tone from 2700K (Warm) to 5700K (Cold)
- Sizes : 7.6 (H) x 15 (W)mm
- Ideal for secondary illumination, mood changing & smart lighting

RGBW MINI SPOT LIGHT

► Provides superb mixing effects of color , brightness , chroma

- High quality Cree RGBW LEDs
- Size : Ø43 (D) x 56 (L)mm , Weight : 165 g±5%
- Controller method : DMX or PWM
- Slim and compact , excellent heat dissipation
- IP65 waterproof grade , safe low voltage
- CNC aluminum alloy body

LED SWITCH STAR

► Wall Light Fit In a Standard Wiring Box

- Easy installation
- Variety type and colors of covers
- Direct AC LED (No driver required)
- Fully dimmable

LED BEACHFRONT LIGHT

► Marine Life Friendly Lighting

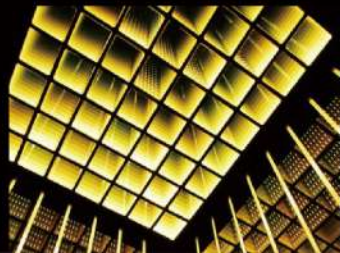

- FWC Approved : Turtle Friendly Lighting
- Easy installation : Mounts to standard electrical box
- Amber LED reduce light Pollution for marine life
- Indoor / outdoor applications
- Ideal for beach front building or structure

LED GLASS BRICK

► Dazzling Infinity Light In a Box with Million Colors

- Unlimited depth-of-field illusion
- PWM / SPI Controlled & DMX compatible
- Free animation program software
- Quick-plug connector
- Tempered Glass Cover
- Dimension : 19 x 19 x 8 cm

LED MINI STAR

► Slim Design Shelf and Cabinet LED Light

- 3 finish colors / 2 type covers
- Made by premium aluminum & plastic
- Excellent heat dissipation
- Dimension : 75 x 75 x 12 mm

LED BRITE STRIP

- ▶ Light Replaceable Lamp-belt
- Snap-in socket for replaceable LED festoon Lamp
- Wire & Socket Color : White / Black
- Bulb Spacing : 63 / 75 / 100 / 150 / 200 mm or Customized

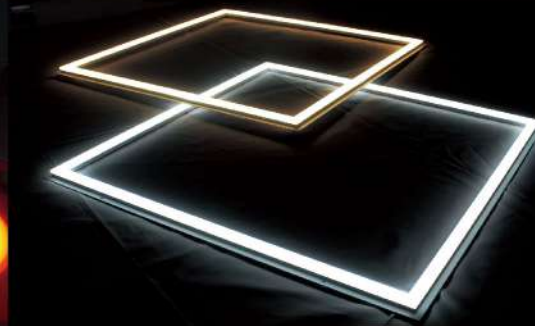

LED LINEAR LIGHT TUBE

- ▶ Smooth Mini Wash Light
- Asymmetrically optical design for low glare.
- Easy plugin connection
- Comfortable light with low glare
- Dimension : 18 x 18 x 293 / 18 x 18 x 578 mm
- Ideal for signage, shelf and display illumination
