Global Presence and Product Portfolio

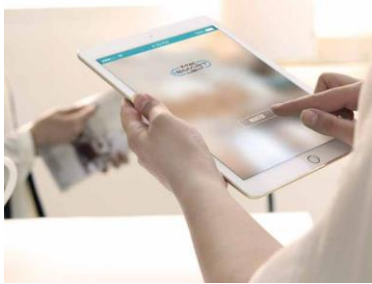

V-TAC adds value to energy-efficient solutions covering more than 70 countries throughout Europe, Asia Pacific, Africa, Middle East, and the USA. As a result of our relentless pursuit of excellence, we have been listed in the London Stock Exchange Group's 1000 Companies to Inspire Europe.

We believe in offering high-quality LED solutions while keeping innovation at the core of everything we do. Boasting a portfolio of over 3800+ lighting products, V-TAC has utilized its brand value and R&D efforts into innovating beyond lighting solutions into categories like smart home solutions and wireless speakers.

Our Vision

To Better Serve Our Customers

Live

At V-TAC, we understand the challenges faced by end-users and we apply our team's innovative capacity, worldwide footprint, and brand name to deliver solutions across a range of industries, meeting the world's needs and bringing us a step closer to our goal.

Light

Innovation is our brand. By heavily investing in R&D, V-TAC is able to continuously update its portfolio with more efficient products, keeping in line with the progression of technology. Quality is a priority in V-TAC, with our own state-of-the-art testing lab in Sofia, Bulgaria, all our products are tested & accredited by top certification labs in the EU.

Life

Improving the quality of life is what drives us at V-TAC. From sustainable lighting to smart home products, we have always looked at innovative & revolutionary solutions for our customers and our partners. We are committed to fulfilling every customer requirement through our diversified product portfolio & customer service.
