DISCOVER UP TO
6X FASTER INSTALLATION

UNITRUNK

UP TO 6X FASTER CABLE MANAGEMENT INSTALLATION

Introducing QuickFix, the innovative trunking range designed to save time onsite thanks to its quick and easy to install design.

UniBolt Fixings

Fast fitting UniBolt reduces installation times by up to 80%

IP4X Compliant
Compliant as standard with the easy to assemble system

Complete Range

Innovative, rapid installation cable management systems

# QuickFix

Rapid Installation — **Product Range**

EASYCONNECT®

UNIKLIP®

INTELOK®

SPEEDWAY®

Known for our market leading engineering and product design for over 50 years, our new QuickFix range completes an already extensive offering of cable management solutions which focus primarily on reducing installation time on site using quality assured products.

Quickfix is a complete range of trunking and fittings manufactured to standards as described in BS EN 50085-1:2005, in best quality, hot dipped galvanised sheet steel to BS EN 10346:2015.

Length to Fitting
- Slide the fitting's integrated coupler into the trunking length.
- Secure into place with the UniBolts supplied.
- Thanks to its engineered design once the lids are secured into place IP4X compliance is standard, meaning no extra components are required.

Length to Length
- Cover straps are only required on length to length joins.
- Simply snap the cover strap into place to ensure IP4X compliance.
- Cover straps are supplied with QuickFix lengths as standard. Cover straps can be ordered separately using code - TS.

UniBolt

- The UniBolt's simple, yet effective design, enables cable management system installation times to be reduced by as much as 80%.
- Universal head
- Bespoke thread
- Serration and domed safety end

STEP 5: GAUGE

Gauges conform to latest specifications.
For specialist requirements a range of gauges are available on request.

For trunking sizes greater than 9"x9", alternative lid options, and/or multiple material configurations, please see our Standard Trunking range.
*Trunking lengths are supplied with Cover Straps to ensure IP4X compliance.
Cover Straps are ONLY required on length to length joins.

The small bracket
making a BIG impact!

Introducing the latest addition to our cable trunking accessories range. The simple, innovative bracket secures trunking length to channel in seconds.
1. Hook bracket over trunking wall

2. Rotate bracket base to secure into position

3. Attach trunking lid as usual
