Buckle

MULTI POWER SUPPLY

Solar charging, USB charging or adapter power supply charging, Humanized design and exquisite workmanship

Solar Charging

AC adapter Charging

USB charging, also can be power bank for emergency charge.

PRODUCT SPECIFICATION

Wattage: Single Light 9W, total 27W

Battery: Single Light 3.7V 5000MAH, total 15000mah

Lumen: Single Light 1150lm total 3450lm

Spot Light: 4.5W 520lm

DC Charge:7.5H

Solar Charge:24H

Duration: 2H-14H

USB input/output: 5V 1A

Flood Light Mode: Low Mode 1.2W 200lm; Middle Mode 2.5W 380lm; High Mode:5W 900lm

CCT: 6500K

Material: ABS

Lifetime: 20000Hours

IP Rated: IP44

Weight: 8.5kg

Packing Size: 72*18*38cm

TRIPOD

Telescopic adjustment

The retractable frame can adjust the height from 1.2m to 2m

- Height can be adjusted
- Suitable for slopes and rugged terrain
- Good stability (need to hang sandbags and nail on the ground)

UNIQUE FUNCTION CASE DESIGN

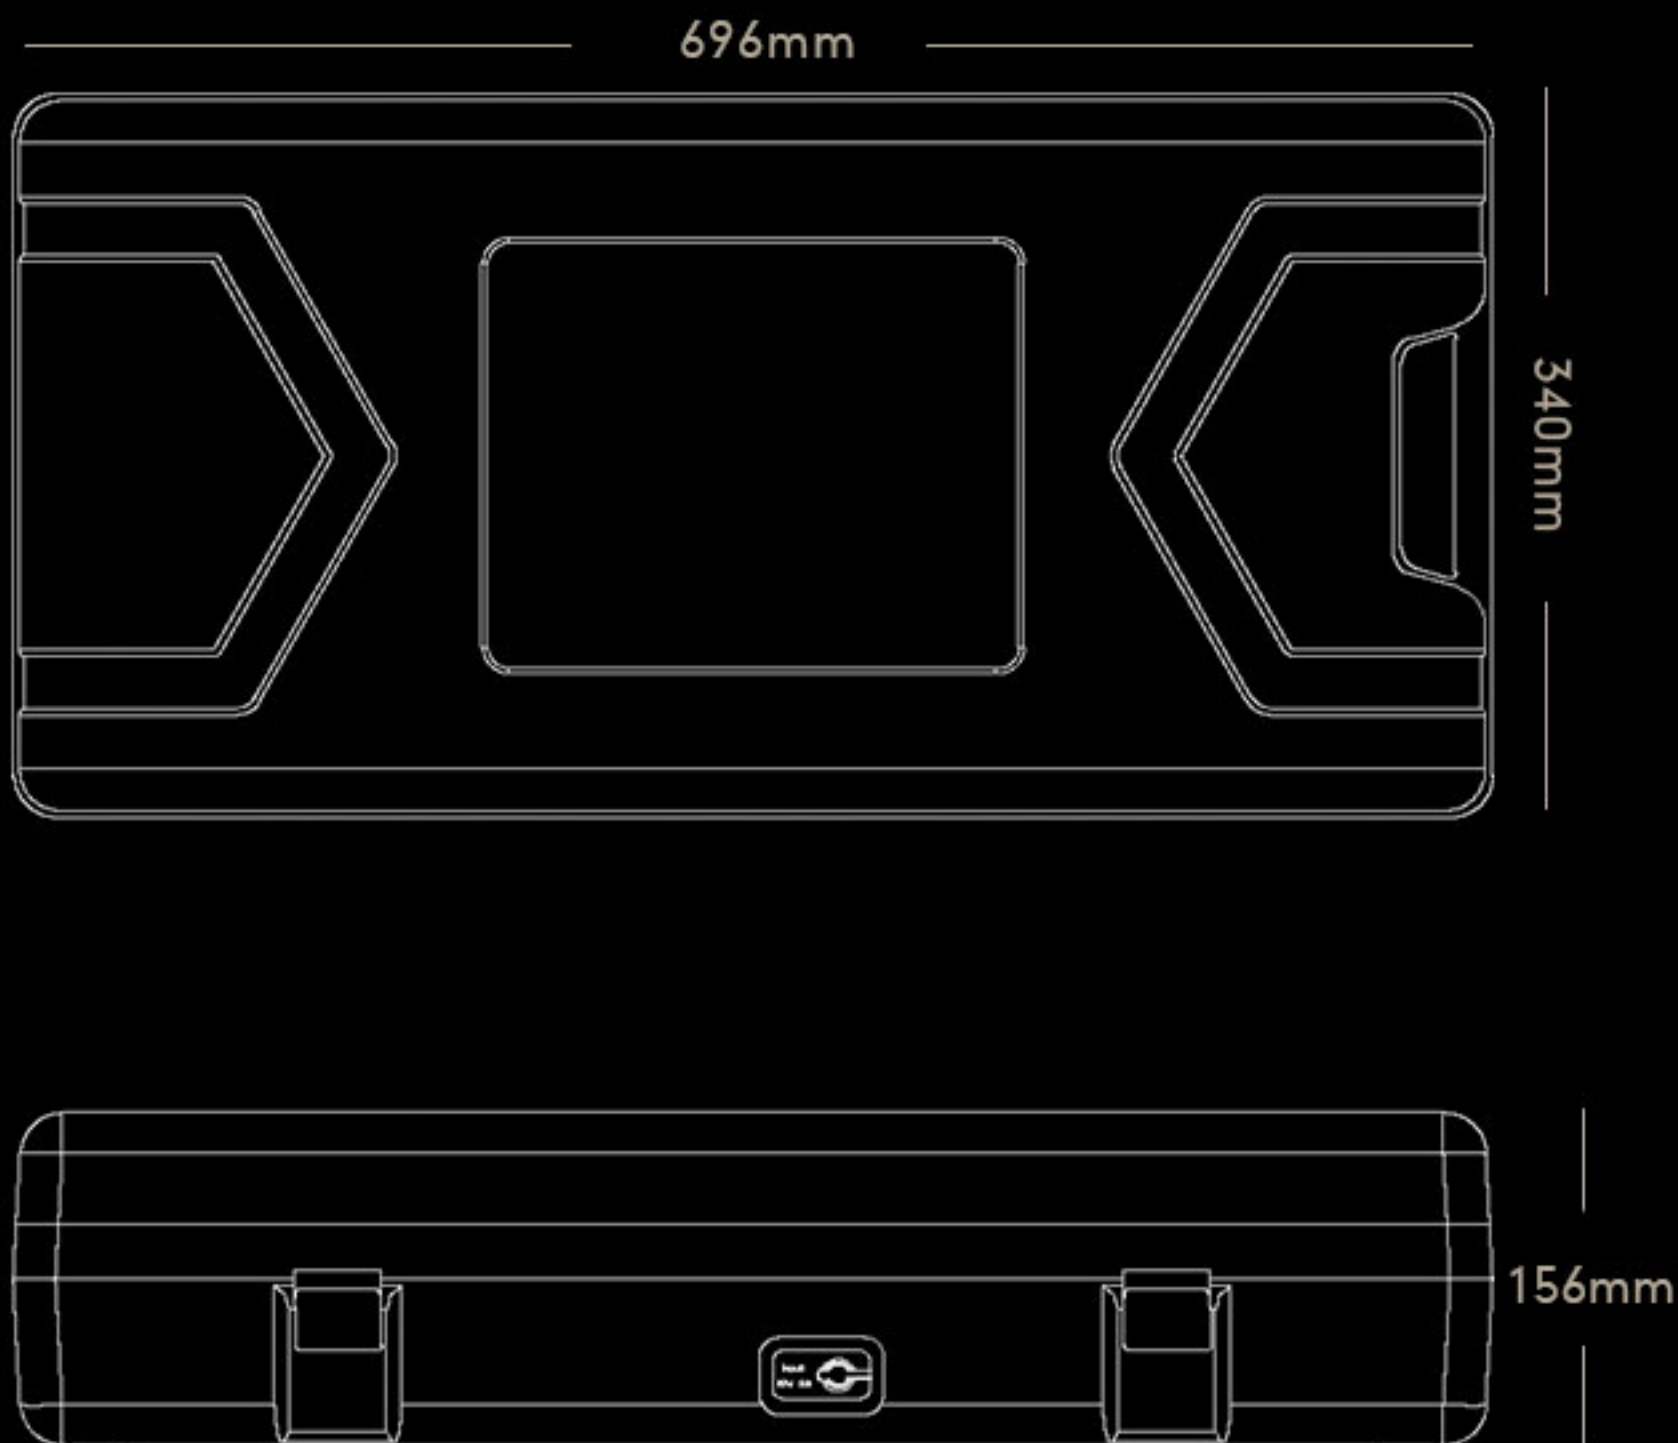

The surface has a transparent window, corresponding to the solar panel, so that the outside light can be irradiated to the solar panel through the pervious part, to realize the directly charge of the product. Using HDPE material, carry case integrated design, more strong and firm

AC Charge port on the case surface, we can charge the light directly, without open case and take out the light.

Function Case Size

APPLICATION SCENARIO

The guardian of outdoor recreation

Suitable for outdoor, courtyard, emergency situations and other scenarios

High lumen & Convenient
charging elevate your
outdoor experience

A stylish light for backyard/courtyard,
perfect to light up your leisure time.

Multifunctional makes your
work more efficient

PRODUCT CREATOR

Mingxiang Li

Industrial Designer

As a designer, my job is to try to add a good life, firmly believe: design changes everything!

Gerry

Structural Engineer

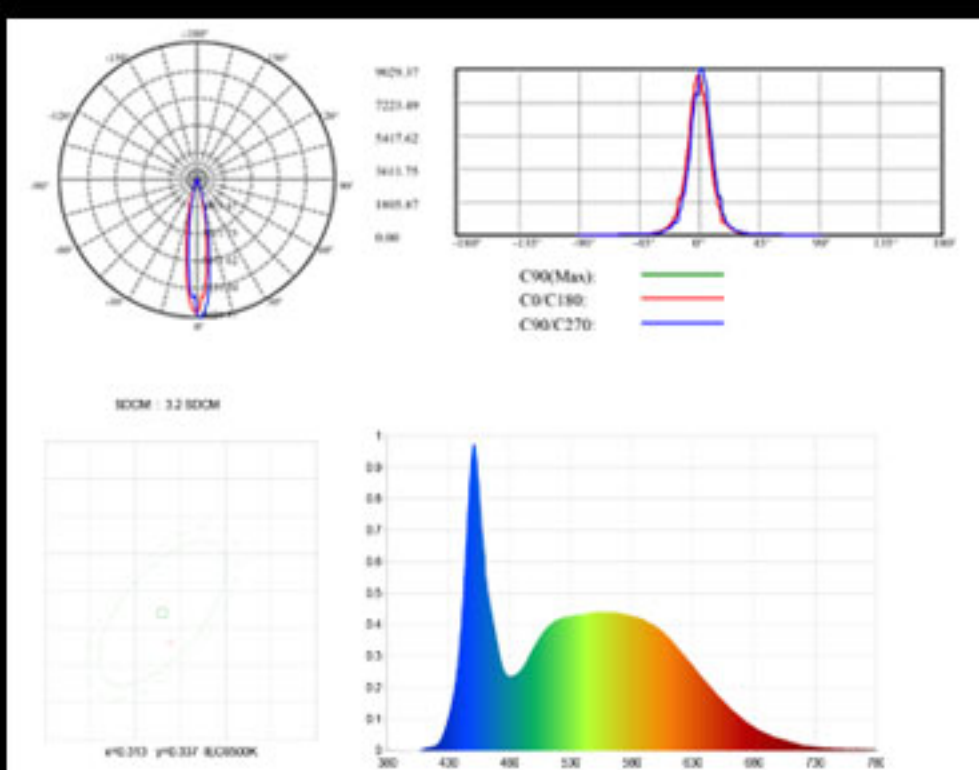

Design is a life attitude of pursuing perfection and is a life concept of pursuing taste. The combination of glass, bamboo, plastic on Evelyn makes a fashion sense which is traditional and classic as well.

Walter

Acoustic Engineer

The sound blends into the environment rather than from the speaker. Sound quality is a priority when I design; therefore, I highly recommend Evelyn to you, it's a really amazing product.

Guohua Zhou

Electronics Engineer

Light is warm, is visible. My duty is passing the warmth and soul of light to you.
