

Knight SE

Aim to peace and happiness

Led lantern

| FEATURES |

Special three-blade light guide

Breathing mode

Flame mode

Dimming mode

2 in 1 Switch

Type-C Input/USB output

Lithium battery

Patent Light Source Design

Special three-blade light guide could perform three lighting modes

Breathing mode

Flame mode

Dimming mode

Knight Factor

Applied knight style for whole lamp design, helmet shape as lampshade.

Metal Spherical Frame

Patent for light weight and stable structure. Classic, retro, aesthetic and functional.

Type-C Input/USB Output

Convenient USB(5V/1A) charging design, could be used as power bank to charge electronic devices.

Lighting knob

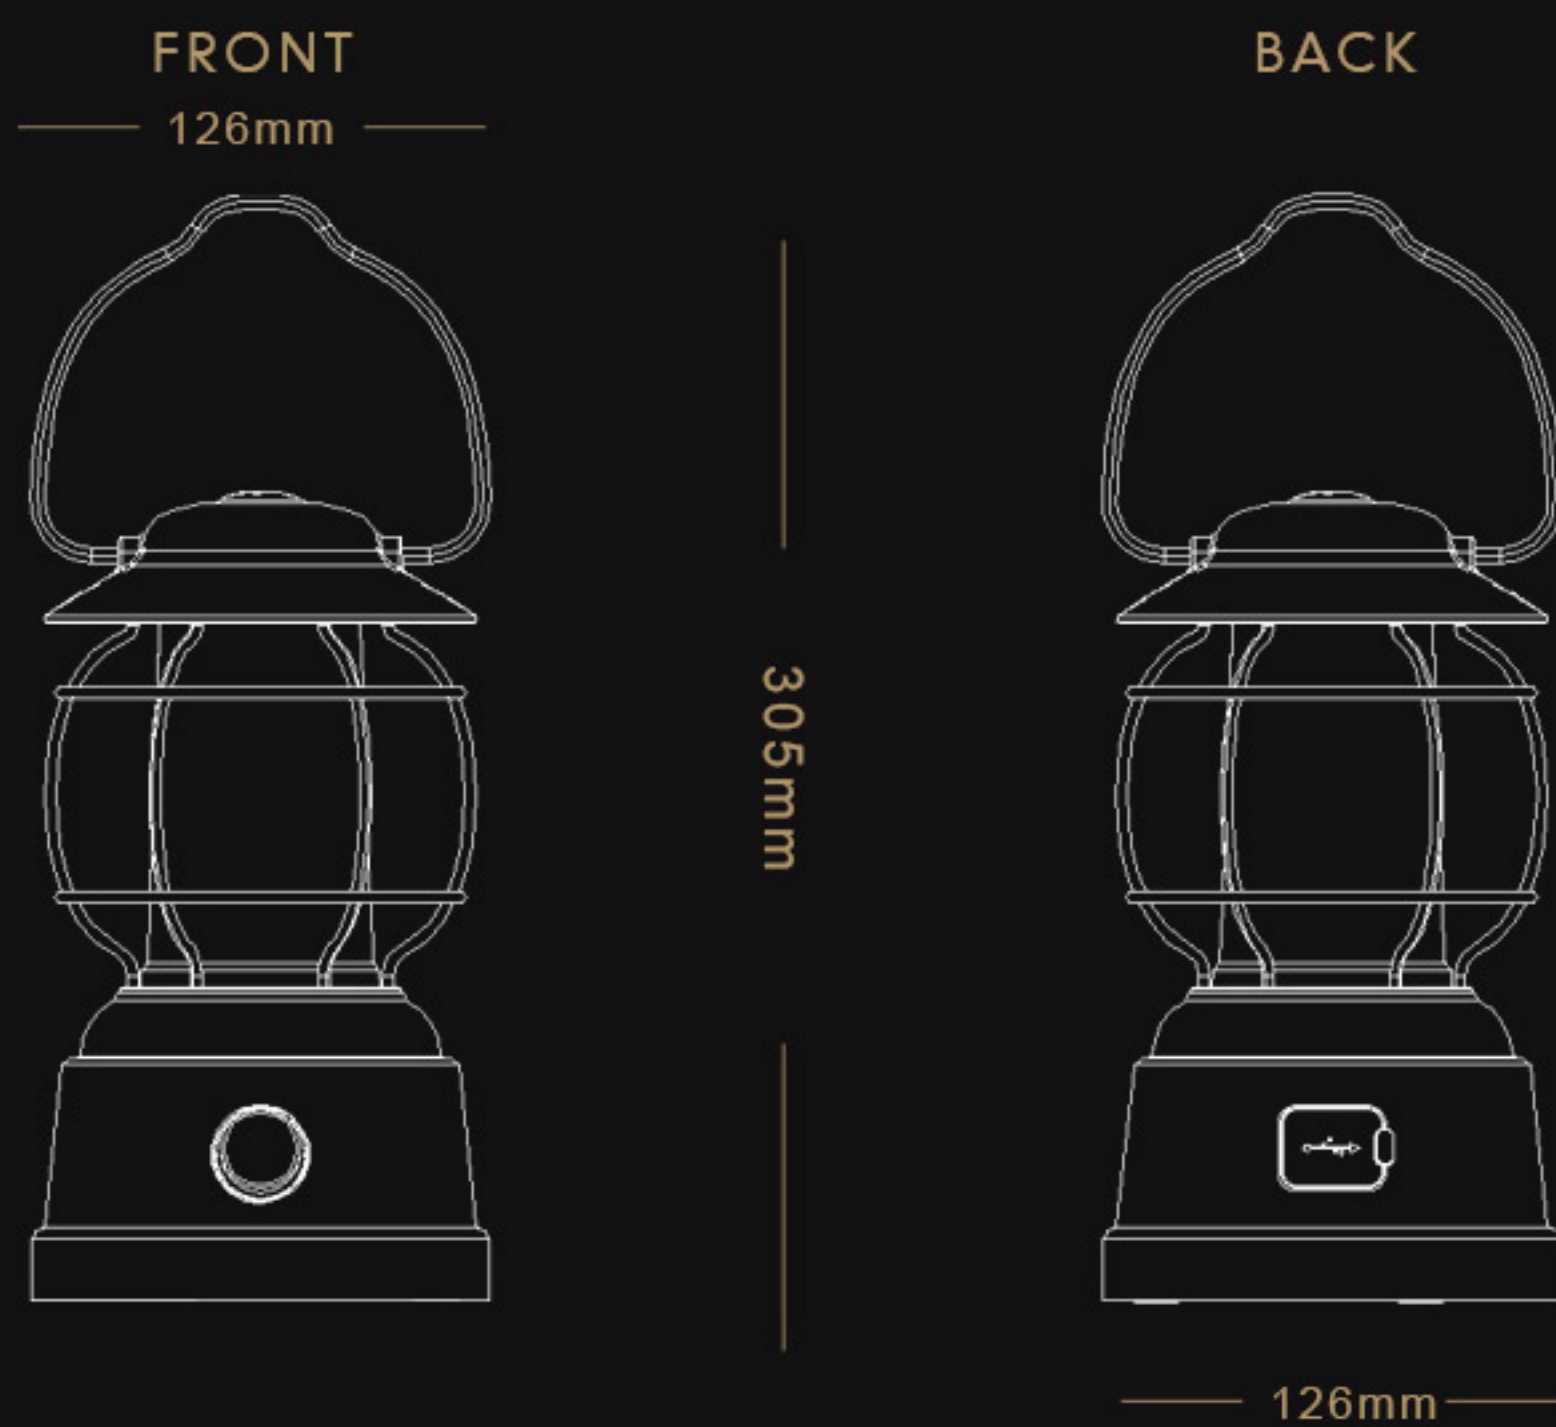

Stepless dimming design,
adjust the brightness as you
like.

Hanging Design

Free adjustment, easy
carrying.

PRODUCT PARAMETERS

Materials: Plastic+metal+bamboo

Rated Power: 3.2W

Dimming Range: 10%~100%(0.4-3.5W)

Color Temperature: 2200K

Lumens: 5~180LM

Beam Angle: 300°

Type-C Input

USB Output: 5V 1A

Battery: 18650 Lithium-Ion

Battery Capacity: 3600mAh/5200mAh

Charging Time: ≥ 7 H

Endurance: 4.8-72H

Working Temp: -20°C ~ 60°C

Working Humidity: $\leq 95\%$

IP Rated: IPX4

Weight: 550g(included Li-ion*2)

PRODUCT CREATOR

Industrial Designer

Everyone does have a pass. Whatever in deep memory or not, there is some thing cannot forget. A kerosene lamp, a memory, old item gradually gone with the development of society, while nostalgia is the one left. Does anyone remember the kerosene lamp from your childhood?

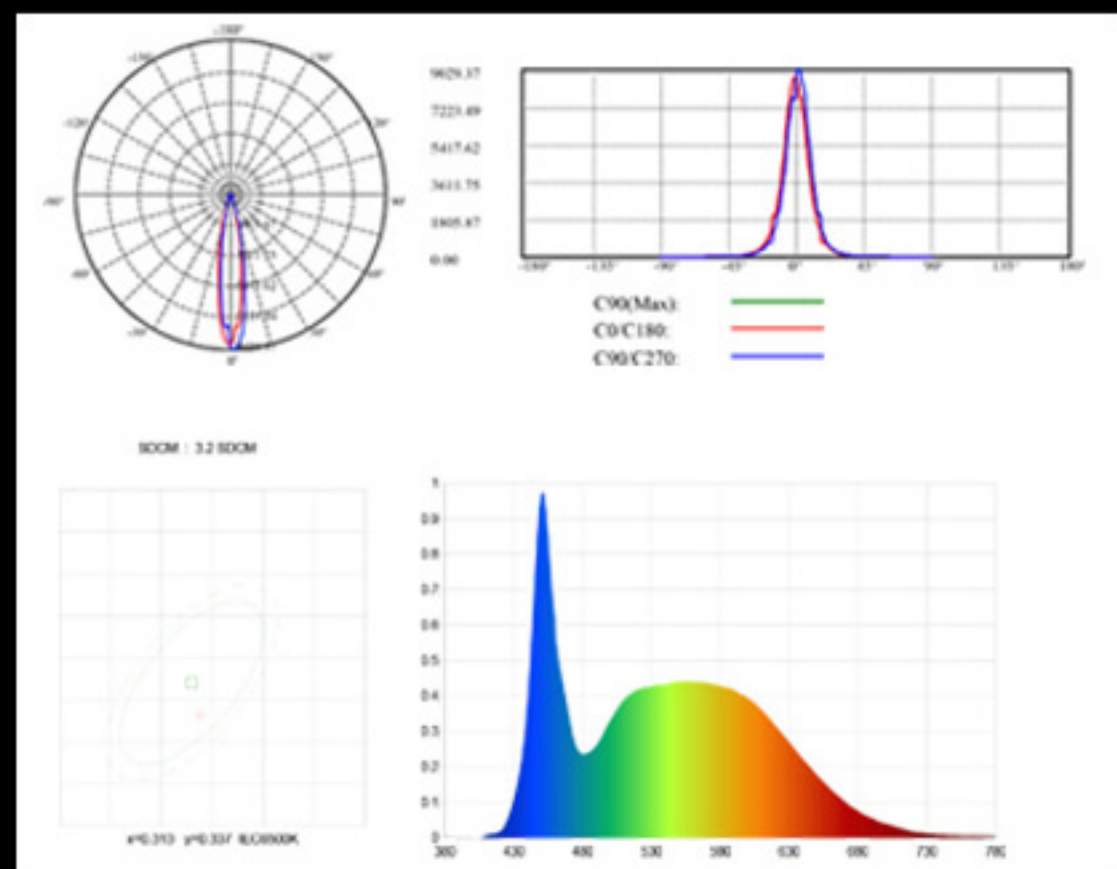

Mingxiang Lee

Structural Engineer

Design is a life attitude of pursuing perfection and is a life concept of pursuing taste. The combination of glass, bamboo, plastic on Evelyn makes a fashion sense which is traditional and classic as well.
