THE MESH TRAY FOR **SPEED** AND **FLEXIBILITY** ON THE WORKING SITE

NOTHING BUT ADVANTAGES

- 1 **Limited mounting space (55mm)**
thanks to direct mounting on the ceiling
- 2 **No electromagnetic interference**
thanks to separation of cable types
- 3 **Easy addition or removal of cables**
thanks to open structure – load up to 28/kg/m
- 4 Mounting and coupling by means of **one single fixation piece (MTW55-FP-PG)**
- 5 **On-site flexibility** – no tooling required
