Slim in Motion

Slim in Motion

Light in motion. The luminaire, which can be electronically adjusted to any desired height and position via smart phone, is a lighting object in a class of its own! Its flexibility is not only a functional advantage, it also turns the luminaire into a kinaesthetic art object that constantly reinvents itself. Simply magical!

Details and technology

Rings in Ø 900mm (35,4 inch),
Ø 1240mm (48,8 inch), Ø 1550mm (61 inch)
