JC Lighting was established in 1988, a professional commercial lighting manufacturer with owned R&D, manufacturing, marketing together by systematic service.

Professional lighting design group and perfect project service system bring an excellent professional service to you.

JC Lighting is equipped with full-processed manufacturing line supported by professional R&D, marketing and service team. Moulding workshop, spinning workshop, punching workshop, die-casting workshop, plastic injection workshop and coating workshop are all well equipped. 90% of the lighting bodies are manufacturing by JC which guarantee that quality and delivery meets with customers' requirements for every product. Professional R&D team assures for superior products to win a long-lasting trust and reputation from domestic and abroad.

JC Lighting's sales network covers in a broad range with branches in Beijing, Shanghai, Guangzhou, and Australia. Our distributors locate all over the world and the products are selling in more than 48 countries, such as Germany, Italy, Spain, Portugal, Russia, Mexico, Brazil, Australia, Japan, Korea and Singapore.

- 1988** 1988, Jia Cheng Plastic & Metal Products Co., Ltd was founded, which is predecessor of JC lighting & electrical apparatus Co.,Ltd.
- 2000** 2000, JC stepped into commercial lighting industry.
- 2004** 2004, CCC, CE, ISO, VDE, SGS series of certification were approved. Gradually we explored overseas market with strong technology base, superior products quality, and honest service attitude which gained a strong support from our partners; successfully we reached to Europe, America, Australia and so on.
- 2005** 2005, JC Brand was registered.
HOTELLY, SEDE, TG, KONOOPAL, ORCO, RS150, RS190 related lighting fixture were invented with advanced technology. Meanwhile in the sales service we promote sales spirit "enhance service concept, perfect service policy, upgrade service standard, build up service culture"
- 2007** 2007, JC concept series brand new compact track light of JIANCO & PERSE successfully nominated by LINING, KAPPA, QIAODAN...
- 2008** 2008, ISO 9001-2000 certificate was successfully approved. ERP was introduced in production. Germany OSRAM launched approved inspection, JC became a royal lighting fixture supplier of OSRAM, covering a cooperation in Germany, France and Asia.
- 2009** 2009, The company launched a new lighting testing lab to enhance new products design concept and quality. The concept of "lighting source recessed" applied, when focusing on Lighting structure meanwhile focusing on lighting spot control and started to invent new products in new design concept.
Honoured by "Most popular Track Light of Chinese Designers" by China Architecture Association.
- 2010** 2010, JC started LED lighting fixture R&D.
- 2011** 2011, COB Lamp source was implicated into JC traditional products of RS160, HOTELLY 110, and SEGO 180. JC Beijing Branch was launched and focused on providing full-way systemized service under the brand of JC.
- 2012** 2012, New hotel series were invented to market based on other high-end hotel lighting. Full series LED Track light were invented to market with ZHAGA Standard.
- 2013** 2013, Based on the lighting speciality of COB, JC made a thorough reform applying in the entire reflector which making a big improvement in lighting spot in more average and smooth with lighting efficiency more than 85%. Hotel series LED COB were invented.
JC Australia Branch was launched and focused on developing Oceania market. It became an important bridge between customers and JC headquarters. As a professional original place of lighting design, absorbing market information by JC Australia makes JC keeps pace with market trend.
- 2015** 2015, JC lighting launched a new media platform WECHAT. The WECHAT account JC-LIGHTING shares a professional lighting technology and lighting experience to public. Readers make a gradually understanding of lighting.
JC Guangzhou Branch was launched and focused on providing full-way systemized service under the brand of JC.
- 2016** JC Shanghai Branch was launched
- 2017** 2017, Company was formally reorganized into GUANGDONG JIA CHENG LIGHTING INDUSTRIAL CO.,LTD. A new Chapter has been opened for further development.
