Company Introduction

■ Quartz Glass Tube Series	01
■ Halogen Lamp Series for Lighting	04
■ Halogen Lamps for Copier and Printer Machines (OA LAMP)	07
■ Halogen Lamps for UV Curving	11
■ Infrared (IR) Heating (Heater) Emitter (Lamp) Series	13
■ Infrared (IR) Radiation Heater Series	39

Company Introduction

Originally set up in 1991, Linyi Lanjing Optoelectronics Technology Co., LTD., which is located in the logistics city, LINYI, SHANDONG province, China.

Linyi Lanjing has achieved ISO90001, 140001 and 180001 certificates, and we are High Technology Enterprise. We OEM with Philips, Samsung, HP, Lenovo, Pantum, Deli and etc.

There are three workshops, which are separately infrared heating lamps, UV lamps and printer lamps.

Currently, we have modern workshops and advanced equipment which is at leading place in heating and lighting industry. We have the standard flow-production line, like winding filament, Shaping, Spring Circle-winding, Piping-connection, Spot-welding, Automatic sealing, Exhaust vacuum and Quality control in every each process. Meanwhile, we guarantee that each lamp must be qualified from our factory to meet the maximum customers' demand.

Linyi Lanjing manufactures the high-tech products in terms of infrared Carbon lamps, UV lamps and Printing lamps. Also, we have patents of Carbon lamps, like Carbon filament and Carbon socks. It belongs to medium and fast medium wave, which is called Sun-Light. Its ultra low glare radiation can take care of people's eyes. Moreover, the carbon lamp has the sterilization function especially for the corona virus. This is widely used for medical instruments. Also, it is ECO lamp that can save energy consumption, and its life time can get around 10,000hrs.

Linyi Lanjing has over 200 staffs, of which the managerial levels are over 60 to control and keep the top quality. We have the strong R & D team, QC team, and production team. We do JIT production to seek perfect and continuous improvement. Moreover, we are working in parallel to ensure to have the quick response and operation process.

Finally, Linyi Lanjing always keeps on working to create the innovation technology and the most excellent product to offer the optimize service for any customers all over the world. And we warmly welcome you for perfect friendship and business-partner.

Halogen Lamps for Copier and Printer Machines (OA LAMP)

OEM&ODM:

Samsung (HP), Brother, Pantum (Lexmark), Kyocera, Panasonic, Avison, Deli, SVC REPAIR MARKT, and etc.

MAIN SPEC.: A4 and A3, like Single, Dual, and Triple lamps

PRODUCTION CAPACITY: The month production output is 500kpcs

ALL EXPORTED COMPONENTS, e.g. Cable, Terminals, and Plastics Cap, and etc.

STRICT TESTING: Lifetime Testing, Continuous Burning, and ON-OFF testing
Spectrum and Curve Testing, Resistance Testing, Color Temperature and Power Testing, Dropping Testing and etc.

GUARANTEE ISSUE:

We do 100% free guarantee if problems only for halogen lamps after analysis

Drawing and Type:

A4 Single Lamp

A3/A4 Single Lamp

A3/A4 Dual Lamp

A3/A4 Dual Lamp

A3 Triple Lamp
