GUIPAI ELECTRIC

Wenzhou Guipai Electric Co., Ltd. started its activities in the field of electrical goods in 1995. It manufactures electric switches, wall sockets, adaptors, extension sockets, plugs and etc. in an area of 31,500 m² with around 500 workers in Wenzhou using modern automation machines and the latest technologies. With our former company named Wenzhou Desheng Mould Workshop, we provide OEM, ODM and OTM services here.

Based on expert of mould design, manufacturer and sales together background, we are good at re-designing and custom-maddding according to samples from our customers. We also develop high-quality, reliable products of special design using its own Research & Development potential and its own mould factory makes you unique and keep secret.

Quality control with decades of manufacturer experience, we deeply understand that quality is the life blood of an enterprise. So the products are strictly controlled from raw materials to finished products with various testing instruments in every manufacturing step in the laboratory.

Aesthetics and functionality go hand in hand with quality, slim design, while the variety of colors based on the simplicity of the white is to meet all requirements. Playing with various colors gives its own view in combination with simple lines. The clean design brings inspiration to the high decorative applications in the area.

Wenzhou Guipai Electric Co., Ltd. is manufacturing products for China and world markets with the slogan of "Our products, your success" and will strengthen its present leading position in the field of electrical products. Wenzhou Guipai Electric Co., Ltd. tries to successfully represent China with its high quality and modern design.

Open the life of quality,
Light the life of happiness.
