

A warm, inviting living room decorated for Christmas. On the left, a large, lush Christmas tree is covered in white lights, red and gold ornaments, and garlands. It stands next to a window draped with red and white patterned curtains, through which more lights are visible. In the center, a brown leather sofa is adorned with cushions and a red patterned throw. In front of it, a low wooden coffee table holds a small white lantern and some books. To the right, a fireplace with a stone surround is decorated with a lit fire, stockings, and a deer head mounted on the wall surrounded by a wreath of lights. The room's walls and ceiling are made of wood, and the floor is polished wood. Several white lanterns with warm lights are placed on the floor and on the coffee table, adding to the cozy atmosphere.

String lights for **indoor** use

230V **LED** string lights for **indoor** use

REFLEX

This string light series is equipped with a 2 poles plug that does not require any any adapter.

Key features are: practicality, ease of use, toughness.

Suggested accessories:

- code 05464 Set 4 Transparent Suction Cups with Hook Ø35mm Indoor

String light **10 LEDs**
10 Ø5mm LEDs steady light

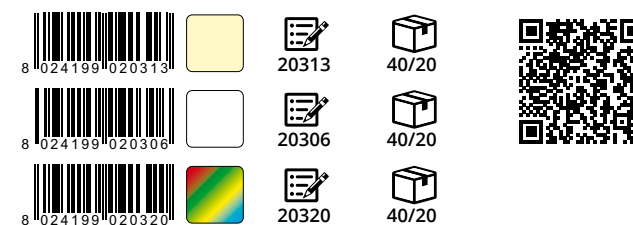

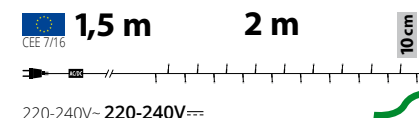

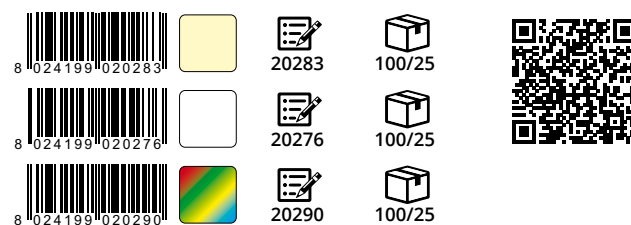

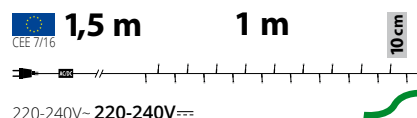

String light, MB, 10 LEDs Ø5mm REFLEX, Steady light, 230V, Indoor use, Green Cable, Dimensions 1,5+1m, Polybag with color header card (XK Art. LED-I MB 10-F 230V).

String light **20 LEDs**
20 LEDs steady light

String light, MB, 20 LEDs Ø5mm REFLEX, Steady light, 230V, Indoor use, Green Cable, Dimensions 1,5+2m, Polybag with color header card (XK Art. LED-I MB 20-F 230V).

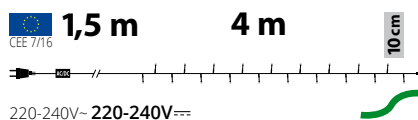

String light **40 LEDs** 40 LEDs steady light

String light, MB, 40 LEDs Ø5mm REFLEX, Steady light, 230V, Indoor use, Green Cable, Dimensions 1,5+4m, Polybag with color header card (XK Art. LED-I MB 40-F 230V).

String lights with **decorations** for **indoor** use

Suggested accessories:

Battery operated **LED** string lights with **controller** and **timer** for **outdoor** and **indoor** use

String lights ideally suited to decorate indoor / outdoor spaces devoid of electric sockets. They can also be worn.
Equipped with memory controller integrated in the battery-holder, selectable functions: steady light, 7 light effects, Off, 8-16 hours On-Off Timer.

Suggested accessories:

- code 002241 Pack 4 Duracell batteries AA 1,5V
- code 019171 Pack 2 Duracell batteries D 1,5V
- code 05464 Set 4 Transparent Suction Cups with Hook Ø35mm Indoor

BTC (Battery Timer Controller)

After having placed the batteries in the battery holder, it is sufficient to press the button to turn the Christmas lights on and at the same time to set the daily timer; by pressing again the button you can select the light effect.

The lights will turn on every day at the set time and with the selected light effect and they will turn off 8 hours later.

If you want to change the time setting it is sufficient to turn the lights on at the desired hour; and in case the lights are already on, please keep on pressing the button in order to turn the lights off and then turn them on again.

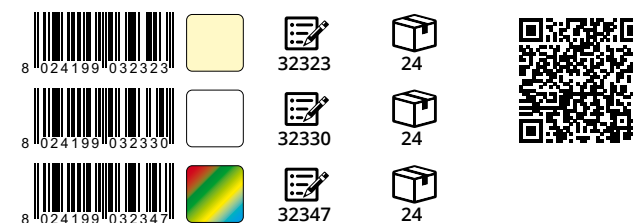

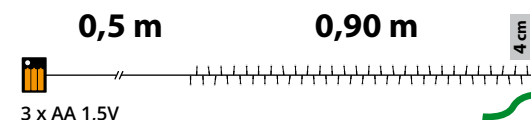

The new time setting is memorized and it will work with the new schedule until you change it again.

It is simple: just one button for doing everything!

String light **TL 24** 24 LEDs with controller and timer

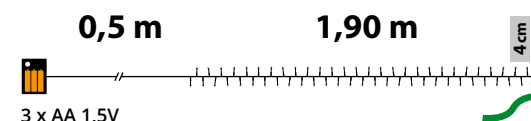

String light, TL, 24 LEDs Ø5mm REFLEX, Steady + OFF + 7 selectable light effects Controller with Memory, 8-16 hours On-Off Timer, Battery-operated 3xAA 1,5V, Outdoor use, Green Cable, Dimensions 0,5+0,90m, Deluxe Color Box (XKC Art. TL 24-C T 3AA).

Keep the button pressed for 5 seconds to set daily power on time (light button will turn on). Repeatedly press the button to select one of the available light effects; the product will turn on every day at the set time, playing the last selected light effect: it will then turn off after 8 hours automatically. Keep the button pressed for 5 seconds to deactivate timer function (light button will turn off).

Compact LED string lights with **Timer / Controller** for **outdoor** and **indoor** use

MiniCluster
Nastro di Luce

REFLEX

Compact String lights with high brightness Ø5mm Reflex LEDs and short LED spacing. These strings create a "luminous strip" effect (diameter 6cm).

Ideally suited to be arranged in a spiral fashion on Christmas' trees, decorate every type of edge (windows, displays, balconies, railings, ...).

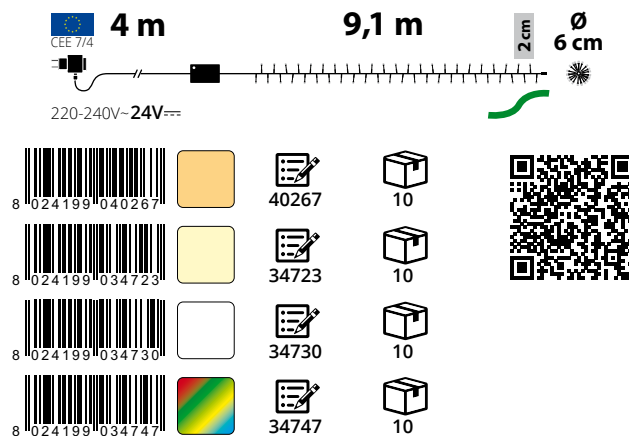

The high density of LEDs makes it easy to decorate Christmas' trees.

Compact string light **NTL 432** 432 LEDs controller with timer

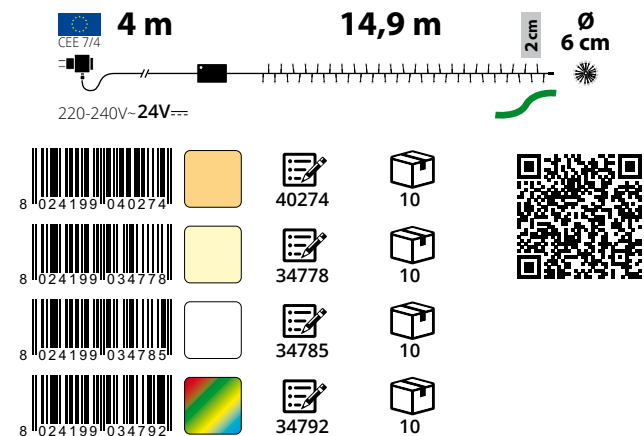

Compact String light, NTL MiniCluster Ø6cm, 432 LEDs Ø5mm Reflex, Steady + 7 selectable light effects Controller with Memory, Selectable 8-16 hours On-Off Timer with Luminous Button confirmation, SELV Transformer, Outdoor use, Green Cable, Dimensions 4+9,1m, suitable for trees H150~180cm, Deluxe Color Box (XKC Art. LED NTL 432-C).

Compact string light **NTL 720** 720 LEDs controller with timer

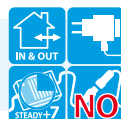

Compact String light, NTL MiniCluster Ø6cm, 720 LEDs Ø5mm Reflex, Steady + 7 selectable light effects Controller with Memory, Selectable 8-16 hours On-Off Timer with Luminous Button confirmation, SELV Transformer, Outdoor use, Green Cable, Dimensions 4+14,9m, suitable for trees H180~210cm, Deluxe Color Box (XKC Art. LED NTL 720-C).

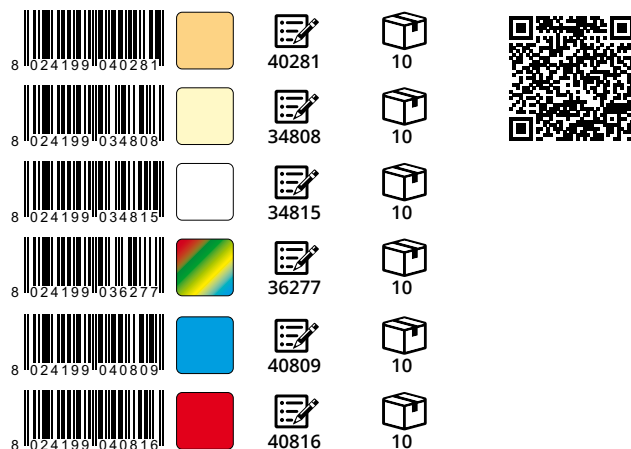

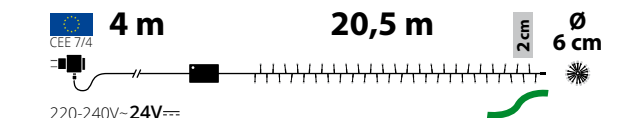

Compact string light **NTL 1000** 1000 LEDs controller with timer

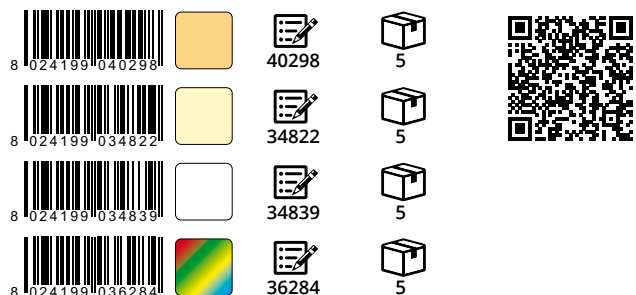

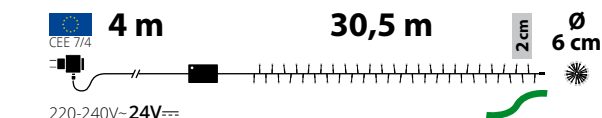

Compact String light, NTL MiniCluster Ø6cm, 1000 LEDs Ø5mm Reflex, Steady + 7 selectable light effects Controller with Memory, Selectable 8-16 hours On-Off Timer with Luminous Button confirmation, SELV Transformer, Outdoor use, Green Cable, Dimensions 4+20,5m, suitable for trees H210~240cm, Deluxe Color Box (XKC Art. LED NTL 1000-C).

Compact string light **NTL 1500** 1500 LEDs controller with timer

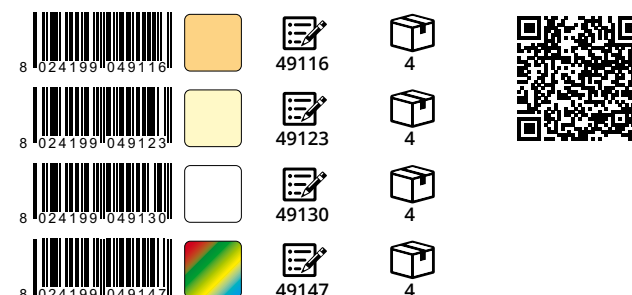

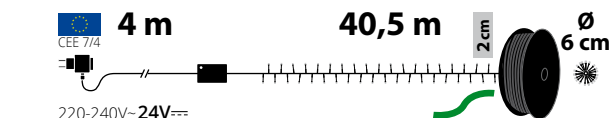

Compact String light, NTL MiniCluster Ø6cm, 1500 LEDs Ø5mm Reflex, Steady + 7 selectable light effects Controller with Memory, Selectable 8-16 hours On-Off Timer with Luminous Button confirmation, SELV Transformer, Outdoor use, Green Cable, Dimensions 4+30,5m, suitable for trees H240~300cm, Deluxe Color Box (XKC Art. LED NTL 1500-C).

Compact string light **NTL 2000** 2000 LEDs controller with timer

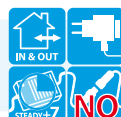

Compact String light, NTL MiniCluster Ø6cm, 2000 LEDs Ø5mm REFLEX, Steady + 7 selectable light effects Controller with Memory, Selectable 8-16 hours On-Off Timer with Luminous Button confirmation, SELV Transformer, Outdoor use, Green Cable, Dimensions 4+40,5m, string rolled up in sturdy plastic Reel, deluxe Color Box (XKC Art. LED NTL 2000-C).

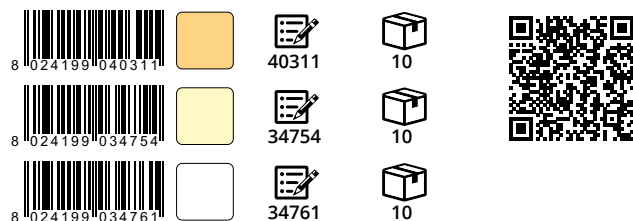

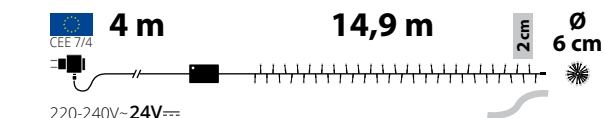

Compact string light **XNTL 720** 720 LEDs controller with timer

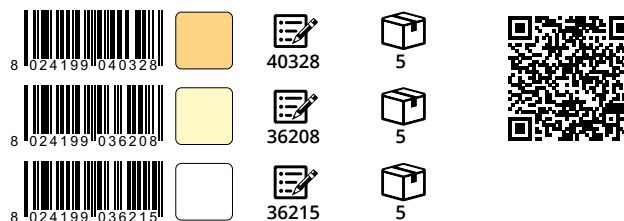

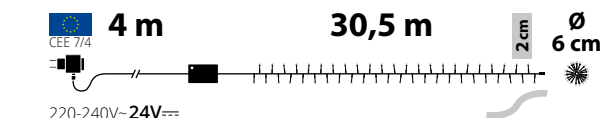

Compact String light, XNTL MiniCluster Ø6cm, 720 LEDs Ø5mm Reflex, Steady + 7 selectable light effects Controller with Memory, Selectable 8-16 hours On-Off Timer with Luminous Button confirmation, SELV Transformer, Outdoor use, Transparent Cable, Dimensions 4+14,9m, suitable for trees H180~210cm, Deluxe Color Box (XKC Art. Professional String lights LED VINTAGE PRO 230V Party Light for outdoor use

LUXA

Professional grade strings with E27 bulb sockets, connectable up to 100m, suitable to create luminous decorations with Party Light bulbs.

They can be used indoor and outdoor (IP44).

The strings are sold without power cable nor bulbs (to be separately purchased) and are fully compatible with a wide range of E27 230V LUXA branded bulbs, to ensure maximum flexibility and the ability to create the perfect decoration for every need.

These strings belong to the E27 Professional modular system that also includes icicle lights, individual strings, multiple connectors, extension cables and a vast range of accessories that make it possible to create complex professional luminous decorative systems.

Suggested accessories: compatible with other decorations and accessories of E27 Professional Line. Check the specific pages in the Icicle Light section of the catalog and the presentation of our range of items and accessories.

The POWER CABLE necessary to the functioning of the string light IS NOT INCLUDED AND MUST BE PURCHASED SEPARATELY.

Professional 24V LED string lights for **outdoor** and **indoor** use

Professional grade string lights with transparent wires, ideally suited to create a party atmosphere both during winter and summer, for outdoor and indoor spaces. These items can be used by consumers and professionals alike. Thanks to the extra low voltage they are very safe and therefore can be used to decorate crowded spaces that are also accessible by children and pets.

- Electrical transformer (not included - To be purchased separately) with Schuko plug type F (CEE 7/4), available in 4 versions with different output power, steady light or with memory controller for 8 light effects.
- Input voltage 220-240V~ / Working voltage 24V---
- PowerLEDs Ø7mm with high brightness, equipped with transparent anti shock cover. LEDs are not replaceable.
- Tough, professional grade, wires with PVC insulation.
- Built-in 3-pin connectors with anti-twisting system that ensures a rapid, easy connection between the components.

Suggested accessories:

- compatible with accessories from LED 24V Professional series; check dedicated catalogue pages for a detailed list.

THE TRANSFORMER MUST BE PURCHASED SEPARATELY AS IT IS NOT PROVIDED WITH THE DECORATION. The maximum number of decorations that can be connected together and the final light effect depend on the power of the optional transformer.
