Sculpture collection

Unique art decorations are examples of small statuary which has both emotional and artistic value. Made of ecologically clean materials: **wood shaving and shredding, buckwheat husk, milled paper, mixed glue on the basis of flour paste**. The decorations are baked in ovens - after this step they're becoming solid and remaining light. We create shatterproof, waterproof decorations, safe for children and pets.

The image features two hand-embroidered dolls, likely Kozaderezas, resting on a brown cardboard box with a repeating pattern of small, stylized figures. The doll on the left is dressed in a blue and white outfit with yellow trim and is holding a yellow flute to its lips. The doll on the right is wearing a red dress with a white collar and a yellow decorative element on the front. Both dolls have yellow hair and are made of a light-colored fabric. The background is a textured, brown surface.
