

Leaders

Who are we and what do we have?

Gerimport was founded in 1993. With more than 30 years in the sector, it has become leader in the import and distribution of products in IBERIA and much of Europe in Discount, Retail, HoReCa and large distribution.

Corrently, Gerimport is one of Europe's largest importers with an important turnover in professional customers, who do not sell to the final consumer, which will increase thanks to our strategic plan "GRMP2025".

Our company has facilities of 75.0000 SQM, in continuous expansion, this allows the access to 3.500 containers from Asia, Africa and Europe to our logistics centre. This guarantees us a high stock of product an enables us to have almost 40.000 references.

The continuous innovation allows us to bring to the market articles for the kitchen, decoration, bathroom, household, cleaning, hardware, garden... many of them made under our private label.

Gerimport is the leader in Chritmas products. With more than 10.000 references and incorporating new trends every year.

Product quality, service, customer relationships, effort and honesty is the DNA of the company.

These values with a professional crew make Gerimport one of the most competitive companies at national and international level.

We are waiting for to meet you in our showrooms located in Murcia HQ, Roma and coming soon in Madrid.

You can find us in the main international Fairs:

HOMI-MILANO / AMBIENTE- FRANKFURT / INTERGIF-MADRID
