We bring your procurement to roll

The cleanroom agency

mycleanroom.de

Motivation

- Cleanroom training should be more efficient
- Cleanroom training in existing cleanrooms is difficult
- Number of cleanrooms is increasing
- Training requirement is growing
- Training becomes more important
- Make it useable for everybody (age, nationality, ...)

our solution >>

mycleanroom VR

- No real cleanroom needed - only space
- Use of virtual reality at customer facilities
- Easy and playful
- Verifies behavior according to the required procedures
- Transportable
- Access control recorded - analyzability
- Flexible and customizable (facility / person)
- Various training modules available (access, MopUse,...)
- No language barriers

Rely on an experienced team:

- 10 years in VR
- more than 13 years in cleanroom technology
- extensive network of cleanroom specialists
